

## Asks Industry Fund if Catlin Law Repealed

**Draheim Proposes Legal Political Donations by Firms**

Post-Crescent Madison Bureau

**Madison** — The fight in the state legislature about labor union expenditures for political campaign purposes took a new turn today with a proposal by an industrial area representative to permit corporations to contribute funds for political campaigns also.

Sen. W. A. Draheim of Neenah, Republican, offered an amendment in the state senate to the assembly-approved bill which would repeal the Catlin law prohibiting the use of union dues money in election campaigns.

**Legalize Funds**  
He would legalize the use of corporation as well as labor organization funds for such purposes. Corporations and cooperatives have been legally forbidden to use their stockholder's money for political purposes for the last half century. The Catlin law imposing the same rule for labor organizations was adopted four years ago.

"If it is good for labor unions to use their money in political campaign it should be permissible for corporations, too," Draheim said this morning.

The labor-sponsored Catlin law repealer is now before a state senate committee where it will have a hearing during the next two weeks.

**Look For Repeal**  
Although the senate is controlled by the Republicans who sponsored the act in 1955, the outlook is for a repeal of the labor fund prohibition act by a narrow margin.

Then the bill will go to Gov. Gaylord Nelson who, although he is the leader of the state Democratic party and urged repeal of the law in his campaign platform last fall, has not specifically explained his own views on the controversy.

## Slayer of Wife Held to be Insane

**St. Louis** — A circuit court jury ruled last night that Charles E. Montague killed his wife but was innocent of murder because he was, and is, insane.

The verdict requires that Montague be confined to the state's maximum security mental hospital at Fulton. The 34-year-old laboratory technician was returned to a county jail cell, but Judge William E. Buder must commit him to the hospital within 10 days.

After deliberating only 58 minutes, the all-male jury found Montague innocent of the first degree murder charge "for the sole reason that he was insane at the time of the commission of the crime and he has not permanently recovered," Montague showed no emotion when the verdict was read.

The body of Mrs. Ruth Ann Montague, 34-year-old mother of two, was found in her car on Jan. 7. She had been strangled and her body had been mutilated. The car was parked in front of a house where Mrs. Montague had attended a sorority party the previous night.

## 3 Fishermen Believed Drowned as Boat Sinks

**Munising, Mich.** — Three fishermen were presumed drowned in Lake Superior Wednesday after their boat sank in a rain squall.

Authorities identified the men as Clarence DesJardins, 69, his son Harvey, 36, and Louis Powell, 64, all of Munising. Their bodies were not recovered.

## Thrifty Values, Helpful Hints On Food Pages

Fox Cities area homemakers can plan new menus and organize their weekly shopping effectively when they use the weekly Post-Crescent food pages.

Valuable tips are offered on food preparation, recipes and suggestions for dressing up the table. Grocery advertisements enable the housewife to plan her menu without leaving her easy chair in an economical and time-saving way. If you haven't made use of the Post-Crescent food pages before, give them a try tonight.

## Herter Set To Broadcast This Evening

**Washington** — Sec. of State Christian A. Herter plans a major bid for public support and understanding tonight on the eve of his trip to the east-west Geneva conference on Germany.

Reports on preliminary drafts of a speech the secretary will deliver over major radio and television networks at 8 o'clock CDT indicate he will not spring any big surprises in American policy.

Herter is expected to stress what he regards as the reasonableness of U.S. plans for a peaceful solution to the German crisis.

He is prepared to say that the proposals to be presented to the Soviets at the foreign ministers' parley starting Monday will provide a sound framework — if the reds sincerely want to negotiate.

At the same time, he is ready to renew assurances that the allies will not abandon West Berlin to the communists just because Moscow demands that the western powers get out.

**Bid for Support**  
Herter's half-hour talk is of special importance because:

1. It will mark his first major appearance before the public since he took over as secretary of state from John Foster Dulles, and he wants to win the public's confidence.

2. It represents a U. S. bid for support of its position upon entry into the Geneva talks.

## Assembly Given Bill on Loans For Highways

**Madison** — A bill to provide a way for the state highway commission to borrow money for roadway construction was introduced in the assembly today.

Thomas Duffey, D-Milwaukee, one of its authors, said there is some question whether the measure would permit borrowing without removal of the constitutional limit on state debt. He and Robert Curley, another Milwaukee Democrat, put the measure in at the request of Milwaukee county.

Under the bill, funds to service the debt would come from 50 per cent of the money remaining in the segregated highway fund after funds to localities are paid. A fiscal note on the bill estimated about \$18 million a year would be available, making it possible to borrow about \$270 million.

Duffey told newsmen a measure which would amend the constitution to raise the debt ceiling is now in the assembly rules committee and would be introduced soon. This measure, he said, was also drawn at the request of Milwaukee county.

## \$12,000 Damage

## 'Baby' Twister Smashes Barn Near Shiocton

A "baby" tornado flattened a barn on the farm of Mrs. Matilda Gehring northeast of Shiocton, about 2:30 p.m. Wednesday.

Her son, Ralph, who owns a farm across the road, said he saw the tornado come out of a nearby wood lot, move across a field and miss his own silo by 20 feet before smashing into the barn. The twister shredded trees in the woodlot.

The estimated damage at about \$12,000. The barn was used for storing equipment and produce.

A shed on the nearby Russell Johnson farm was damaged when the tornado twisted it around on its foundation.

There were no injuries.

The Fox Cities area today shared the cool blast of air that flooded into the midwest.

## Twining in Hospital For Medical Tests

**Washington** — Gen. Nathan F. Twining, chairman of the joint chiefs of staff, is in Walter Reed hospital for a series of medical tests because recent chest X-rays indicated they were advisable.

The Pentagon said today the 61-year-old air general took his annual physical examination last week. This examination included the X-rays which "indicated a requirement for further diagnosis and study," a statement said.

# 20 Believed Held in Debris As New Building Collapses

## Predicts Strike if Steel Industry Does Not Meet Demands

**Pittsburgh Union Leader Stresses Determination**

**New York** — The Steelworkers union today charged the steel industry with violating the anti-trust laws and labor relation laws and asked the government to investigate.

Arthur J. Goldberg, the union's general counsel, said law violations are involved in industry disclosures of plans it may invoke to deal with a possible July 1 industry strike.

Goldberg outlined his charges in letters to Atty. Gen. William Rogers and to Jerome D. Fenton, general counsel of the national labor relations board.

**New York** — John E. Murray, Pittsburgh Steelworkers union official, said today the union "is eventually going to win its demands even if we have to strike to do it."

Murray, director of the union's District 16, and a cousin of the union's late President Philip Murray, said the public and industry are underestimating the union's solidarity and determination to gain a sizeable wage boost, and other concessions.

Murray's comments were made off-the-cuff to reporters as he headed a union bargaining team back into talks with Jones & Laughlin Steel corporation.

**Common Contract Goal**  
The J & L talks had broken up yesterday on their opening day over a union demand that the J & L talks had broken and subsidiaries under common contract terms.

Murray said there are too many varying J & L contracts now. J & L industrial relations Vice President George Flacus said the company seeks to continue separate contracts to fit local situations.

The J & L talks resumed this morning with this problem unsolved and put aside for further discussion later.

Both the industry and union have been trying to play down the possibility of a strike in talking with reporters during the preliminary steel bargain-

ing involving a dozen sets of union negotiations with that many top industry producers.

As the negotiations entered their third day, they grew more tense — primarily because of yesterday's disclosure the industry is already mapping strategy to deal with a possible July 1 industry walkout.

David J. McDonald, Steelworkers union president, and R. Conrad Cooper, chief ne-

## Rayburn Wants To Assure Vote On Housing Bill

**Washington** — Speaker Sam Rayburn (D-Texas) said today he intends to get a house vote on a \$2,100,000,000 housing bill now resting in a rules committee pigeon hole.

The bill calls for heavier housing spending than President Eisenhower recommended, and a coalition of Republicans and southern Democrats has kept the measure bottled up in the rules committee. The committee is in charge of steering legislation to the house for action.

Democratic leaders regard housing as an issue on which they might well win a test with Eisenhower and are eager to get the bill to a vote.

Rayburn told a news conference the leadership wants "to follow the usual course without bypassing the committee on rules."

"We are willing to wait a reasonable time," he went on, but added that if necessary there are at least three ways in which the house could get the legislation up for action despite the attitude of the rules committee.

Asked what he considered a reasonable time, Rayburn said, "pretty soon."

## Hunt Origin of \$1,750,000 Fire

**Abilene, Texas** — Firemen sought today the cause of a fire which did an estimated \$1.75 million damage last night as it destroyed a department store, Thornton's "City Within Itself."

A brisk wind hampered the efforts of firemen to control the blaze, which burned out of control more than three hours after a night watchman discovered it on the upper floors of the 4-story building.

All available fire equipment and firemen from Abilene and nearby Dyess Air Force base fought the flames.

Knox County Jail Guards Sam Burnett and John Conley peep out of their cell where they were locked by Ray Caughorn who made his seventh prison break in 17 years. A locksmith freed the guards about two hours after Caughorn fled the Knoxville, Tenn., jail.

Sir Winston Churchill and President Eisenhower use the chief executive's electric cart for a tour of the Eisenhower farm at Gettysburg.

## Inspection at Gettysburg

## Ike, Churchill on Tour in Golf Cart

BY MARVIN ARROWSMITH

**Washington** — Picture Sir Winston Churchill zipping around President Eisenhower's farm in a baby-blue electric golf cart. There's a cigar clenched in the Britisher's teeth and he's wearing a cowboy hat.

Picture Eisenhower driving the small cart — and it sagging a bit to the right under the Churchillian bulk as they whip over the gravel roads.

That was the picture yesterday afternoon as the 84-year-old former prime minister of Britain and his host toured the Eisenhower acres at Gettysburg, Pa., under a blazing hot sun.

Also See Battlefield

Later they switched to a marine corps helicopter for an aerial inspection of the historic Gettysburg battlefield where in 1863 Union and Confederate forces engaged in one of the classic conflicts of all time. The Eisenhower estate is at the edge of the battle site.

It was by helicopter that the president and Sir Winston

traveled to the farm from the White House lawn and the British visitor, who had made one earlier whirlwind flight, obviously enjoyed the trip.

Churchill clutched his gold-tipped cane as he eased into the golf buggy alongside his chauffeur, the smiling president. The passenger, smiling too, was wearing a pin-striped gray business suit and a cowboy hat — a broad brimmed, slightly soiled white job given to him by a Texas friend.

Then off they went, through a swath cut in the tall grass, and onto a nearby road while newsmen, on foot, huffed and puffed to keep up.

The first stop was a big cattle barn. There Eisenhower proudly pointed out his herd. "They are Black Angus, all of them," the president told his guest. "They're Scotch cattle. We also have some nurse cows. These (Black Angus) don't give enough milk."

They rode to another barn, looked around for a few minutes, and then switched to a small, open automobile with a fringed canopy. A secret service agent took over the chauffeuring chore from Eisenhower.

## Plans Being Made

## For Laying Cable

## From Hawaii to Japan

**Toyko** — The United States may be able to see a live telecast of Crown Prince Akihito's coronation as emperor of Japan if it takes place after the mid-1960s.

Telephone users on the American mainland will pick up their phone six or seven years from now, dial Tokyo and hear their party loud and clear.

These prospects were opened up today by the announcement that the Japan Overseas Radio and Cable company and the American Telephone and Telegraph company will start laying the world's longest submarine telephone cable—the first between Japan and Hawaii—next year.

The cable, more than 3,400 miles long, will tie in to the existing Hawaii-U. S. cable. Calls can then travel by line across the United States and via the 2,200-mile transatlantic cable to Europe. The result will be a 3-continent system that will not be subject to the atmospheric disturbances that interrupt radiotelephone facilities.

Cost of the project is estimated at about \$70 million. It is expected to be completed in 1965 or 1966.

The project still must be approved by the U. S. Federal Communications Commission and the Japanese Ministry of Communications.

## Denies He Knew Payoffs Made

**Witness Says He Was Ignorant Of Extortion**

**Washington** — The business manager of the American Weekly insisted today he never asked for details about \$4,000 a year charges the senate racketeers committee says were extortion payments.

James Fontana, who handles business matters for the newspaper Sunday supplement, testified that at the time he didn't regard the money as an improper payment to assure labor peace.

But, he said that since hearing testimony given to the committee, he believes the payments were improper.

**Heads Union Local**

Officials of Neo Gravure Printing company, Weehawken, N. J., testified yesterday, the \$4,000 a year payments were made to Harold Gross, convicted labor extortionist, to assure delivery of the American Weekly to the New York Journal American.

Gross now is a teamsters union local president in Miami. The printing company is a commercial concern which handles various types of printing jobs in addition to turning out Sunday supplements.

Robert F. Kennedy, the committee counsel, asked Fontana sternly whether Fontana was testifying as he did because "you can be sent to the penitentiary for making that kind of payments?"

"You and the other officers (of American Weekly) knew what it was for," Kennedy charged.

"I did not know," Fontana insisted. He made no direct reference to Kennedy's remarks about the penitentiary.

**Tells of Payments**

John J. Padulo, American Weekly's former business manager, testified that the payments of \$4,000 were initiated under his administration, and that he had regarded them as improper but necessary tribute for labor peace.

Padulo now is business manager of the Erie (Pa.) Times and News.

Padulo said he authorized the \$4,000 payment to Neo Gravure after Neo Gravure reported the payments would be necessary to assure delivery of the American Weekly to the New York Journal American.

Fontana said that after he became business manager of American Weekly in 1955, he continued the payments until 1958. He said he understood the money was "to assure delivery of the American Weekly to the New York Journal American," and regarded the payments then as just "a business expense."

## Crews Rush Rescue Work In New York

**Westbury, N.Y.** — A large industrial building being erected by scores of workers collapsed with an ear-shattering roar shortly before 11 a.m. today. At least one man was killed, a number injured and an estimated 20 trapped in the wreckage.

Hundreds of rescue workers rushed to the scene and tore at the mounds of twisted steel girders and splintered planking with bare hands in an effort to free trapped laborers.

For a time shrieks and cries arose from the heap of rubble, lying on the floor of the one-story building.

Giant cranes also were sped to the site to hoist heavier segments and permit rescue teams to crawl underneath.

Ambulances roared away at frequent intervals with injured. Eight or more were known to be in hospitals.

The building was under construction at the Westbury Industrial park about 30 miles east of New York City on Long Island. The steel framework had been erected and roofing and brick finishing work were under way. The structure, 200 feet long and 150 feet wide, was to house an electronics firm.

**Girders Give Way**  
A steel girder in the roof was believed to have given way, causing the avalanche of steel and wood to cascade downward.

As many as 100 workmen were believed to have been on the job, some on the roof.

When the crash came with little or no warning, there was a wild scramble for life. Some escaped. One group of 15 men had left the building an instant before the collapse.

At Long of Islip Terrace, at work on a nearby building, gave this description:

"All I saw was men running out from under the thing as it fell. Some made it but most didn't. The entire roof just fell over."

Another witness, Verge Abbatello of Westbury, also standing nearby, said:

"I heard a tremendous roar and turned around. There was thick smoke rising up like a bomb. I heard a guy scream."

There was no fire, and Abbatello apparently mistook dust for smoke.

**Kills Wife, Then Takes Own Life**

**Portage** — A 68-year-old Baraboo man shot and killed his wife and then killed himself Wednesday night, Columbia County Sheriff Walter Geopfert said.

Geopfert identified the victims as Ernest Wendt and his wife, Dora, also 68. The shooting occurred on the farm of their son-in-law and daughter, Mr. and Mrs. Clayton Pearson of the town of Caledonia near here.

Mrs. Wendt was taking care of her daughter who was ill.

## O'Donnell to Head Pacific Air Forces

**Washington** — Assignment of Lt. Gen. Emmett O'Donnell to be commander in chief of the Pacific air forces was announced today by the White House.

At the same time, President Eisenhower nominated O'Donnell—now air force deputy chief of staff for personnel—for promotion to the rank of full general. The nomination is subject to senate confirmation.

## Female Type Weather, Difficult to Predict

**Wisconsin** — Fair and cool tonight with frost likely over the north and west portions and scattered frost elsewhere. Partly cloudy and cool Friday.

**Appleton** — Temperatures for the 24-hour period ending at 9 a.m., high, 52, low, 40. Temperature at 11 a.m., 51. Southwest wind at 10 miles per hour. Precipitation of .10 of an inch Wednesday. Barometer, 30.25 inches. Weather map on Page C-18.

Sun sets at 8:04 p.m., rises Friday at 5:30 a.m., new moon at 8:11 p.m.

# Iraqi Authorities Free Italian Plane

## **Detained 27 Hours for Making Flight Across Country That Was Not Specifically Authorized**

Baghdad, Iraq.—Iraqi authorities freed a big Italian airliner today after detaining it 27 hours for making a flight across Iraq that was not specifically authorized.

With 8 crew members and 17 or more passengers bound westward from Tehran, the DC6B plane took off in mid-morning for Beirut. Twenty-one passengers originally were reported aboard, but Alitalia airline, the plane's owners, said there were 17.

Three were Americans. They were Mr. and Mrs. Robert Rachwal of Glendale, Calif., and Arthur McLaren of Katonah, N.Y.

**Deny Announcement**  
Alitalia's Baghdad representative, Joseph Thweny, Pilot Walter Galli and Iraqi airport authorities all denied an announcement by the company's headquarters in Rome yesterday that Iraqi fighters forced down the plane.

Thweny explained the incident thus:

The plane did not have permission to fly over Iraq, required by the Iraqis for each

Alitalia flight for the last two months. It landed on radio instructions from the Baghdad airport's control tower to either put down here or head back to Tehran.

Pilot Galli said he had consulted a circular at the Tehran airport which listed Baghdad's airport as open from 8 a.m. to 6 p.m., and that he was under the impression it was permissible to fly over Iraq during those hours.

**Standard Practice**  
Current standard practice of the airline, however, is to detour around Iraq on flights from Tehran. From Beirut, the plane goes on to Athens, Rome and London.

In announcing earlier that the plane had been forced down by Iraqi fighters, the airline's headquarters in Rome said the Iraqis charged the plane had violated Iraqi air space.

**Evangelist to Curtail Non-Crusade Activity**

Sydney, Australia.—Billy Graham said today he is feeling fine but intends to curtail his non crusade activities on returning to the United States in mid-June.

The American evangelist said he is going to resign from a number of executive boards and organizations.

"I am going to concentrate on speaking at these crusades and in study preparing for them," he said.

Graham, who has had trouble with his left eye since before arriving in Australia in February, reported the eye is almost back to normal.

"For the first time in many weeks I can read out of my left eye," he said.

# Many Workers In Michigan Without Pay

## **Governor Among Those Who Won't Get Salary Today**

Lansing, Mich.—A pay day without the pay came due today for nearly 27,000 Michigan state-employed workers.

Michigan's cash crisis was to blame. Only a wholly unexpected solution from the state legislature and Gov. G. Mennen Williams before the close of the state's business day could assure that a \$5-million payroll would be met.

Among those faced with the payless pay day was Gov. Williams himself. His \$862.06 bi-weekly check from his \$22,500 annual salary was held back.

**Other Workers**

The others included thousands of workers at prisons and mental hospitals, state teachers colleges, and state offices throughout Michigan as well as the capitol itself.

Last week a payless pay day, the first in the crisis, affected 325 persons, including state judges and members of the legislature. This was a \$100,000 payroll.

Approximately 7,700 other state employees, including more than 4,000 highway department workers, got their paychecks on schedule. They are paid from earmarked funds of their own departments.

Ironically, they included one small employee group of the \$50 million veterans trust fund, itself a bone of contention in the months-long fight for a solution to Michigan's cash emergency.

The emergency arose from depletion of the state's general fund and a deadlock between Williams, a Democrat, and the Republican-controlled legislature over solutions. Each group has blamed the other for the crisis.

With its general fund cut down by reduced tax collections since the 1958 recession year and heavy public welfare costs, the state faces a June 30 deficit of an estimated \$110 million.

# DeGaulle Asserts End of Algerian War in Sight

Bourges, France.—President Charles de Gaulle said today the end of the Algerian war is in sight.

De Gaulle, on the third of a series of tours of the French provinces, said:

Without setting a date, without making any promises and without presumptuousness, I say here with full knowledge of the facts that the day is in sight when Algeria will be pacified.

"Thanks to the general understanding of those who live there (Algeria) and to the rapid transformation of conditions, Algeria's children will be able to determine their fate and the fate of the country where they live."

De Gaulle's remarks to residents of this town in central France were startling to close students of the 4-year-old rebellion. His assertion that he spoke with "full knowledge of the facts" suggested there was some new development in the conflict, not publicly known.

# Claims We'd Know of Red Ship Launching

Washington.—If a large number of Russian submarines suddenly out to sea "we would know about it," says Secretary of the Navy Thomas S. Gates Jr.

A constant check is kept to guard against surprise attack, he told a senate appropriations subcommittee yesterday. Even so, he said, it is not known if Russia has atomic submarines.

Mrs. Paul Johnson, Albuquerque, N. M., holds her infant son after his return to Albuquerque from Dallas, Texas. The boy was taken from his home by a young baby-sitter.

# Infant Returned to Arms of His Mother

## **Flown Back From Texas Where Young Baby-Sitter Had Fled With Child**

Albuquerque, N. M.—A sleepy little Mitchell Johnson snuggled into his mother's arms late yesterday, back home from a nightmare he won't remember much about.

The 14-year-old son of Mr. and Mrs. Paul Johnson was flown back from Dallas where his 16-year-old baby-sitter took him.

It all started last Monday when the baby-sitter, Betty Smith, a snub-nosed fugitive from the girls welfare home in Albuquerque, wandered off with the little boy.

**Don't Know Why**

She had been sitting with him in the Johnsons' home at Placitas, a mountain village northeast of Albuquerque.

"I don't know why I did it,"

**Myron Taylor Dies at 85**

## **Served as Chairman Of U. S. Steel Firm, Envoy to Vatican**

New York.—Myron C. Taylor, 85, former chairman of the board of U. S. Steel Corp., a former presidential representative to the Vatican, died Wednesday at his home.

Taylor retired from U. S. Steel at the age of 64 in 1927 as chairman of the firm's finance committee. Taylor was credited with wiping out the company's \$340 million fund debt by issuing common stock.

In 1939 he was appointed by the late President Franklin D. Roosevelt as his personal envoy to the Vatican and the late Pope Pius XII. He also acted as former President Harry S. Truman's personal representative to Pope Pius XII.

**Mee's Protests**  
The appointment met with protests by Protestant groups although Taylor was an Episcopalian of Quaker ancestry. Taylor himself took no part in the dispute.

Taylor later described Pope Pius as "an outspoken and courageous leader of all men believing in God and human liberty."

Taylor received the medal of merit from President Truman in 1948 for his 10-year service in the Vatican post.

Born in Lyons, N. Y., Taylor received a law degree from Cornell university and became a successful corporate lawyer before turning to industrial management.

the orphaned teenager said in Dallas. "I just took him."

Mrs. Johnson had been working as a psychologist at the girls institution. She said she resigned Friday and received permission to take Betty home with her.

Betty had been sent to the institution from Clovis as a runaway. In Dallas she said both her parents are dead.

"I've lived around with my five sisters when I wasn't wandering," she said. "I like babies. I like all babies. I started to run off and this baby started crying, so I decided to take him with me."

**Found By Police**  
Her attempts to give Mitchell to strangers in a drug store in Dallas led to recovery of the baby. The plain looking girl with brown hair and brown eyes was found by police in a cafeteria in downtown Dallas.

An airlines employee carried Mitchell from the plane in Albuquerque to his mother. As he reached for her, the little redhead murmured, "mama, mama."

Mrs. Johnson, who was from worry, said, "I knew he was safe."

Then she said "I'm so relieved."

As for the Smith girl held in Dallas, Mrs. Johnson said, "I'm so grateful she took good care of my baby."

# 4 White Youths Indicted for Raping Negress

Tallahassee, Fla.—A grand jury of 18 white men Wednesday indicted four white youths for raping a Negro co-ed.

The jurors heard witnesses including the 19-year-old victim — for nearly seven hours before filing into a hushed courtroom and handing their presentment to Circuit Judge W. May Walker.

Only once before in Florida history has a rape case drawn such wide attention. That was in 1949 when four Negroes were accused of raping a 17-year-old married white girl.

The courtroom gallery was almost filled with Negroes yesterday — many of whom had kept their segregated seats all day — but there was no demonstration when Walker announced the indictments.

White spectators also were silent. The four will be arraigned Friday and a trial date set.

They are Patrick G. Scarborough, 20, air force man leave from an Alaska base; William T. Collinsworth, 24, married telephone line man; David Ervin Beagles, 18, a high school student; and Olhe Stoutamire, 16, a distant relative of Police Chief Frank Stoutamire of Tallahassee.

# TV Viewers May See New Characters in '60 Convention Cast

## **Rayburn, Martin, McCormack Might Miss Glare of Lights**

BY WILLIAM F. ARBOGAST  
Washington.—Television viewers of the 1960 national political conventions may have to become accustomed to a new cast of characters in key convention posts.

**Reps.** Sam Rayburn (D-Texas), Joseph W. Martin, Jr. (R-Mass.), and John McCormack (D-Mass.) may be missing from the glare of the camera spotlights.

Rayburn, speaker of the house, has presided over the past three Democratic conventions. His ability and willingness to bang a gavel are well known. As presiding officer of the house longer than anyone else, the 77-year-old Texan has developed a knack for scenting trouble in the making and heading it off. He has a reputation as a tough presiding officer.

**Political Veteran**  
Martin, a 74-year-old veteran of many political wars, has wielded the gavel as permanent chairman of the past five Republican national conventions. He handles the gavel with less severity than does Rayburn, but can get tough if the occasion demands. He was speaker of the house during the 80th and 83rd congresses and was Republican floor leader until last January.

The 67-year-old McCormack, graduate of "the Boston school of practical politics," has headed the platform committee of three of the past four Democratic national conventions. Colleagues credit him with having been the moderating influence that has averted a disastrous break within the northerners and southerners over civil rights.

But the three house members may not occupy those spots in 1960 when the Democrats meet in Los Angeles and the Republicans in Chicago. The respective national committees won't decide until next year who will get the key convention jobs.

**Nominating Talk?**  
Rayburn remarked at a recent Washington social affair that he might not be chairman in 1960, that he might want to make a nominating speech. As neutral referees, convention chairmen can't make nominating speeches.

A question mark has been posed over Martin's possible role in 1960 by his ouster from the party leadership in the house. He was replaced as floor leader last January by Charles A. Halleck of Indiana. Colleagues say that shouldn't bar him from a sixth job as convention chairman if he wants it. Martin hasn't commented publicly on his 1960 prospects. He reportedly would accept the post if it were offered to him.

McCormack definitely does not want to head the platform committee.

They have been apart since Jan. 15 and she has been making films in Italy. When she returned to the United States recently she disclosed they were separated but she said she hadn't decided whether she would seek a divorce. She and Steel held a conference last week to determine if there was any way of reconciling their differences.

Superior court here was asked to approve a property settlement, details of which were not disclosed.

# Actress Sues For Divorce

Santa Monica, Calif.—An uncertainty over the fate of the 3-year marriage of Anita Ekberg and British actor Anthony Steel has ended with her suing for divorce.

The Swedish actress charged him with extreme cruelty in her complaint, filed Wednesday. Miss Ekberg, 27, and Steel, 39, were married in Florence, Italy, in 1956. They have been apart since Jan. 15 and she has been making films in Italy.

When she returned to the United States recently she disclosed they were separated but she said she hadn't decided whether she would seek a divorce. She and Steel held a conference last week to determine if there was any way of reconciling their differences.

Superior court here was asked to approve a property settlement, details of which were not disclosed.

Official Papers Donating six acres of land as a site for an Outagamie county school for retarded children were presented Wednesday night to Dr. R. F. Scherzinger, right, Little Chute Kiwanis club. Making the presentation were Mrs. Elvy Lillge, left, and Mrs. Clara Plamann, daughter and widow of the late Robert Plamann, who had set aside property for the school prior to his death this year. The Kiwanis club is one of the school construction project's sponsors.

## Family Presents Land for School

Plamann Property to be Used for Instruction of Retarded Children

An Outagamie county school for retarded children was a long step closer to reality today after a meeting of the project's backers Wednesday night.

Goals achieved were: Official acquisition of the land for the school. Completion of incorporation papers for the organization. Presentation of preliminary construction plans.

**Donate Tract**  
Mrs. Clara Plamann and Mrs. Elvy Lillge, wife and daughter of the late Robert Plamann, officially presented a 6-acre tract of land adjacent to Plamann park in Grand Chute. Plamann had promised the donation before his death. The area is just west of County Trunk EE near Apple Creek.

Under terms of the transaction, construction must be completed within five years. (The school's backers hope to do it in two years.) The school will be named after

Plamann. After completion, the school will be turned over to the proper public agency. The school, as envisioned by Appleton Architect George G. Narovec, will be built at a cost of \$36,000 to \$40,000.

**Preliminary Plans**  
Preliminary plans exhibited by Narovec showed a 1-story, flat-roofed building containing three major wings.

Included in an academic wing are kitchen, living room, music and library areas. The area is 40 by 36 feet. In another wing is space for a crafts area and storage and boiler rooms. The central wing is devoted to space for a reception lobby, vestibule and washroom facilities.

Plans were drawn with an eye to minimum needs for construction of the school, Narovec said. The estimated cost figure does not include furniture or fixtures.

**Subject to Change**  
Narovec's idea is to have the school on the south end of the tract, overlooking the rolling wooded park. Plans and location on the 6-acre site are subject to change, he noted.

The school, as shown on the architect's drawings, could accommodate about 70 pupils. Rolland Nock, principal of Morgan school, reported. There is plenty of room for future expansion, he and Narovec agreed.

**Non-Profit Group**  
The school's backers will incorporate in an organization known as Outagamie Citizens for the Retarded, Chairperson Gustave Keller, Appleton, reported.

The non-profit corporation and Eisenhower and Sir Winston Churchill. The school's backers will incorporate in an organization known as Outagamie Citizens for the Retarded, Chairperson Gustave Keller, Appleton, reported.

### LEGAL NOTICES

**ADVERTISEMENT FOR BIDS**  
Outagamie County will receive sealed proposals for furnishing and installing a field lighting system at Plamann Park at Apple Creek, Wisconsin, for an industrial softball field with an outfield size of 240 feet.

Such sealed proposals will be received by the Special Planning Committee of the Plamann Park of the Outagamie County Board of Supervisors at the office of the County Clerk, Court House, Appleton, Wisconsin, on or before 9:30 a.m. on the 12th day of May, 1959, at which time all bids and proposals received will be publicly opened and read. Proposals submitted shall cover and include the following:

- 50 foot poles of red cedar, class 2, selected straight ASA space treated, but incised 1/2 in. with creosote.
- crossarms per pole, one for mounting lights, one for servicing lamps.
- 1 lot 1/2" ACSR Triplex aerial cable interconnecting all poles to Power Company transformer.
- 1,000 watt flood light fixtures for crossarm mounting together with lamps. Lights will have a fuse protection on each pole.
- 1 raintight disconnect switch per pole mounted on the pole for controlling all lights in a group on each pole and enclosed in a weatherproof switchbox which can be padlocked.
- 1 ground rod and ground wire per pole to meet the State Electrical Code requirements. All necessary hardware, connections, wires, etc. for supporting the above and placing all equipment into operation.

Pole locations and the number of reflectors per pole shall be in accordance with good lighting practices as recommended for lighting such proposed field and will conform to "Nema" standard flood lighting layouts. Contractor will be responsible for aiming the lights in accordance with acceptable standards and before acceptance of the work performed by the county.

Successful bidder will arrange for the Wisconsin American Power Company to furnish power to the field and the metering pole together with a 25 KV transformer 2200 to 120/240 volts, with all primary wiring and protection by the utility.

It is requested that an alternate bid be submitted for furnishing 44 fixtures of the enclosed type unit of a quality equal to Revere aluminum flood lights 421P.

The successful bidder must be prepared upon acceptance of his bid to furnish and install the complete system within thirty (30) days of the time of the award of the contract and at the bid price.

The successful bidder must comply with all state and Federal laws in the performance of his contract and the Electrical Code of the State of Wisconsin and shall furnish a performance bond in the amount of his bid to Outagamie County. A certified check for five per cent of the amount bid must accompany all proposals.

The Committee, on behalf of Outagamie County, reserves the right to reject any or all bids, or to accept any bid which may be most advantageous to the County.

Dated this 6th day of May, 1959.  
OUTAGAMIE COUNTY,  
By John F. Gaffney,  
County Clerk

## Laird Praised For Supporting Medical Bill

BY FRANCES McKUSICK  
Post-Crescent Washington Bureau

Washington—Several members of the house give much of the credit for passage of the health education and welfare appropriations bill, with its increased funds for medical research to Rep. Melvin R. Laird, Marshfield, naming Republican members of the appropriations subcommittee which handled the bill.

Publicly, during debate on the house floor, subcommittee chairman John Fogarty (D-R.I.) complimented Laird for the hard work and "long arduous hours" he spent on the hearings.

Privately, several house members, from both sides of the aisle, said they might not have voted for the increase if Laird had not approved.

## France's Famed Eiffel Tower Is 75 Years Old

Paris —A— Seventy years ago Wednesday a Spanish nobleman rode a rickety elevator to the top of the Eiffel tower to become its first public visitor.

Since then almost 35 million persons have visited the 984-foot steel skeleton, France's most popular tourist attraction.

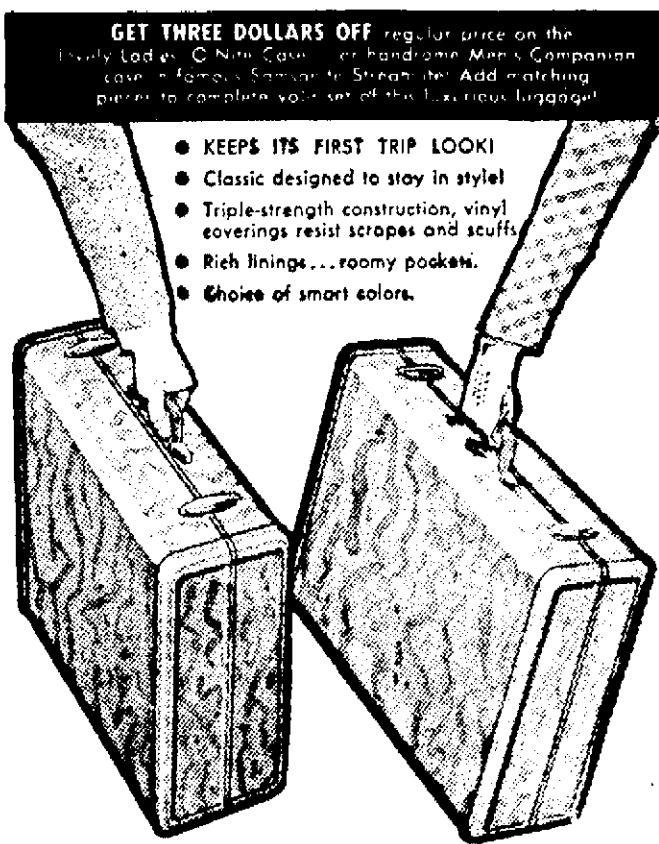

The name of the Spanish pioneer has been lost to history. More distinguished men Gustave Keller, Appleton, reported.

The non-profit corporation and Eisenhower and Sir Winston Churchill. The school's backers will incorporate in an organization known as Outagamie Citizens for the Retarded, Chairperson Gustave Keller, Appleton, reported.

Lawrence Streets

# Fighting Inflation

There can be no doubt that many people in the United States are well aware of the dangers of inflation and are much interested in doing something about it. However, recent activities in Washington indicate clearly there is no agreement among the people, the administration or congress on what should be done in this matter so far as government spending is concerned.

On the last day of April the senate voted, 80 to 1, for a \$2,842,902,805 appropriation bill and the house passed by a voice vote a \$3,915,084,181 appropriation measure. It is not so much the total voted as the carnival spirit of spending which seemed to prevail in both houses that is of interest. The senate voted, 54 to 24, to defeat a move by Sen. Allen J. Ellender (D-La.) to cut \$100,000,000 from the foreign aid money in the bill. This appropriation had the support of President Eisenhower and that was sufficient to send it swiftly on its way. Some of the Republicans who are interested in maintaining the president's budget at a figure which may be close to balance stood helplessly by while the money was voted. They are well aware of course that congressmen usually vote much as their constituents want and their assurance on this occasion made it almost useless to oppose them.

The bills contained more money than the administration had asked for various health and welfare agencies and of this matter Rep. Elford A. Cederberg, (R-Mich) said that "anyone who stood up and opposed the much larger expenditures for medical research than sought by the administration would be branded as opposed to

cancer research." But he added it is time that "we stand up and tell the American people that if they want these services they had better be prepared to pay for them." But the senate did not confine its appropriations to items that might be supported by pressure from home.

It literally shouted its approval of a rider to the money bill which would require the administration to maintain the strength of the U. S. Marine corps at 200,000 men. Previously it attached another rider requiring the administration to maintain a 900,000 man army. The administration had suggested that our marine strength be reduced to 175,000, the army to 875,000 by July 1 but the senate would have none of that. At the same time it refused to accept the house cut of \$100,000,000 in the so-called development loan fund. The president had marked this fund saying that the fund would be used for helping underdeveloped countries and thus less money would be needed for economic aid overseas.

The president has said over and over again that the aid we give to foreign countries enables them to maintain their military structures and thus lessens the need for American expenditures. But the senate wants us to be well protected and regardless of the need expressed by the president and his military advisers we are bound to have both the American soldiers and marines in uniform and give support to European countries for this service at the same time. It must be quite clear that we are a long way from agreement on where or how to cut government expenditures.

# A Moral Obligation

The man who trods afield in Wisconsin with rod or gun has few obligations to meet for the privileges he enjoys. For a comparatively small financial consideration he receives a license to take. He is required to give nothing.

The license, be it for hunting, fishing or trapping, is a matter of law, thus the sportsman regards its purchase not as an obligation but as a perfunctory movement necessary to make his presence at stream or afield legal.

Fortunately, few sportsmen regard hunting and fishing in such basic concepts. Most are willing to help conserve the state's natural resources.

In a few short days at 71 locations in as many counties across Wisconsin the rap of a gavel will bring to order the annual spring fish and game hearings conducted by the conservation department for the Wisconsin conservation commission.

We believe that every man who hunts or fishes or has a love for the wild things our state now holds has a moral obligation in the strictest sense to be in attendance at the meeting in his own particular county.

Here is where a man's voice can and will be heard regarding the state's conservation laws. It is a time to speak. It is a

time to shout, if need be, for your convictions — your beliefs.

The hearings, in recent years, have aroused less and less interest among sportsmen partly through the fault of the conservation commission which has failed to impress on the average hunter or fisherman the true importance of his opinion and partly through the fault of sportsmen themselves.

Opinion, of course, is the reason for the hearings in the first place. The commission wants a guide, a yardstick, as it were, by which to measure its own actions.

It will be said by some that the commission disregards the opinion of the "little man" and follows its own course anyway.

This is not the case at all. The commission can't bend to the wishes of Outagamie county, for instance, or Waupaca alone. It must take a composite view and act accordingly.

Much will be accomplished the night of May 11 around the state and every man who calls himself a sportsman should have a part in those accomplishments. It is our feeling that the meeting room in the Outagamie county courthouse annex should be filled to overflowing for this year's hearing. We hope it will be.

# Massachusetts Looks at Sales Tax

Massachusetts is in about the same position as most other states with respect to taxes. It needs money and is looking about for equitable means of raising it.

The governor's office and the legislature of Massachusetts are both controlled by the Democratic party. The No. 1 plank in the Democrats' campaign platform was directed against a sales tax. However, the politicians in Massachusetts now have been forced to take a careful look at the possibilities of such a tax.

At a recent party gathering, Lt. Gov. Robert E. Murphy declared that if the Democrats approve a sales tax, "we deserve what will surely befall us — defeat for our perfidy; defeat for our deception; defeat for our hypocrisy and finally the inevitable loss of the confidence of the voters."

That is the emotional oratorical approach to the tax problem which may be of value on the stump but contributes nothing to the solution. Wisconsin has been beset by such oratory and because of it has been fumbling with the problem for about five years. It has succeeded only in postponing decisions year after year until now the day is not far away when something will have to be done.

Massachusetts, however, is fortunate in having Gov. Foster Furcolo in office. Gov. Furcolo is a Democrat and was at the same party meeting addressed by Lt. Gov. Murphy. His answer to Murphy was that the lieutenant governor "is either trying to kid

the public or he doesn't have the solution to our problem." Then the governor went on to say that "the platform plank applied to a general sales tax while he had suggested a limited tax which would exempt food, fuel, children's clothing, medicines and similar necessities."

The governor has succeeded in putting the tax discussion on a calm, even basis where facts count. He has shunted aside the emotional claptrap of the lieutenant governor and now the people of Massachusetts have the opportunity of taking a look at the possibilities of a sales tax without being committed for it or against it. That is exactly the climate that is needed in Wisconsin if we are to have a reasonable settlement of the problem. We need someone in authority who has the courage to step out in front of the emotional spellbinders who have succeeded for the past several years in preventing even a fair discussion.

Many careful students of taxes believe that it is impossible for Wisconsin to raise all of the money it needs by increasing the income tax levies. The only other method that has been suggested so far is the sales tax but there has not been a fair discussion of that. The time is not far off when we must decide not whether we want a sales tax or want higher income taxes but which is the most equitable and most desirable method of raising the billions that we must have. There are sales taxes and sales taxes. Some of them might prove to be more advantageous to Wisconsin than a boost in income tax rates.

with feathers and tomahawk, on top of a fountain in the square. After that, no one wanted to admit that a mistake had been made.

But now officials of Pan-American Grace Airlines and the Peruvian government are looking for Atahualpa. The foundry has gone out of business. But the searchers think the statue probably is somewhere in Virginia purporting to be Powhatan. And some anthropologist is bound to question the relationship of the squat figure with short cropped bangs and a collar of emeralds to the ranger Algonquin cousin.

'What are These Crazy Proposals to Spend Money On the Common People?'

# Claims School System Insulates Child From Life's Competition

Editor, Post-Crescent:

Our public school teachers and administrators need friends, and friends because of friendship have a right to be critics. The future of democracy depends at least as much upon its public schools as upon any other institution. To meet their overwhelming challenge the schools need the understanding support of every man and woman who cares about a free and open society.

I, for one, have faith that the educators of our system are in earnest about their job, and they must surely be aware of their problems. In a democratic society it is fortunate that parents and teachers can work together for the improvement of the present system — in selecting the best of the present, and the best of the past in projecting a program more ideally suited to the pupil needs of the coming school years.

In the past the society in which we lived was competitive, and by natural processes people in our society found their levels of achievement through their own efforts, more often than not through hardship and great difficulty.

Today leaders in our society are appalled by the lack of individual action amongst all people. They are afraid that such action is lacking, because personal goals of the highest individual achievement have been replaced by a common goal — a goal whose rewards of comfort and ease is destroying man's highest purpose. The occasional questioning mind, and resulting dissatisfactions of the individual, is isolated with an abundance of easily achieved material gains.

It is time the school systems awaken to this alarming state of affairs and begin to take their share of responsibility in solving this problem. We have apparently insulated our children today from all shocks, all failure, all competition in an effort to make things easy and comfortable. "We must not hurt the child."

How in the world will our children be ready to fight against this evil ease that is reducing men to the com-

mon denominator of mass being, if they are not prepared to know failure, to recognize superiority, to value the results of firm discipline, to respect authority, to know hurt because of discrimination, to know the keenness of thinking that comes from competitive activity in all phases of experience, to reverence knowledge, and to recognize the limitations of their own abilities? — And, then, to use this valuable,

painful and sometimes negative experience as a strengthening force in the pursuit of their best individual goals. This kind of preparation for life begins at the beginning of the learning process. It does not wait to begin as the boy or girl closes the exit door of the classroom.

Mrs. Julian D. Cox  
520 N. Bateman St.  
Appleton, Wis.

# Delinquency Starts Long Before the Beer-Bar Age

Editor, Post-Crescent:

The Crusaders against juvenile delinquency have found a new tool to aid their cause, to ban beer sales to anyone under 21 years. Also there is a crusade on the local scale to close or move a southside beer bar. I sincerely feel that this crusade is heading in the wrong direction.

Certainly no one can deny citizens the right to protest against a public nuisance and it is equally hard to deny that this particular place is exactly that. However, to apply this example to all beer-age teenagers and all beer bars is overstepping any degree of reality. Why

are there other such spots in and around Appleton where very little or no trouble occurs. It is the clientele that determines whether or not a place is a nuisance and the clientele of beer bars are not molded or shaped by these places.

Definitely there is a teenage problem and it scares me more than any other issue of the day. The age of 18 is no time to try to change a way of living and thinking. Between the ages of 18 and 21, there is nothing that can replace the "grown-up thrill" of beer without creating more dangerous hazards.

The place to stop juvenile

## Looking Backward

# Fire Company No. 2 Organized

29 YEARS AGO

Quoted from the Appleton Crescent for the week of May 8, 1930.

The following is a list of the officers of Fire Company No. 2, Third Ward: Henry Kreiss, foreman; Frank Nemachek, assistant foreman; John Tentinger, treasurer; N. Pauly, Jr., secretary.

This company, with Appleton Company No. 1, also was confirmed by the City Council at the meeting on Wednesday last so that full fire protection is again provided for the city.

25 YEARS AGO  
Thursday, May 3, 1934

Herb Heilig, director of the vocational school, again was named a member of the visiting faculty in vocational education of Colorado Agricultural college.

Formation of a new third political party in Wisconsin, to include all progressive and liberal elements, was unanimously favored by the officers and the executive committee of the Outagamie County Farmer-Labor and Progressive League, which met at the office of former Congressman George J. Schneider.

John Frank, talking on "Relief for Silver," won first place in the annual Bolton-Roth extemporaneous speaking contest at Appleton High school auditorium. Second place went to William Spector, who discussed "The Austrian Dilemma."

Mrs. Oscar A. Ballinger, Mrs. D. S. Rannels and Mrs. Alice Ralph were elected delegates to the state assembly of Rebekahs to be held June 5 and 6 at Menomonie. Sherman Kapp was elected president of Junior Young People's Society of St. Paul Lutheran church. Carlton Ziegler was chosen vice president, Vivian Klueck, secretary and treasurer.

10 YEARS AGO  
Thursday, May 5, 1949

R. J. Treiber, Sr., Appleton, was elected a director of the Wisconsin Retail Jewellers association.

Barbara Berry and Barbara Zierke were named co-editors of the Appleton High

## Under the Capitol Dome

# Development Agency Plans Follow Old Lines

BY JOHN WYNGAARD

Madison — The Nelson administration bill to set up what he would call a department of resource development will probably emerge as the major reorganization objective of the new state regime.

It carries a provocative title and a popular political theme. Like Vernon W. Thomson, Gov. Nelson perceives in industrial development a politically desirable ideal. Evidently there are enough persons who equate state adminis-

trative activity with industrial prosperity to make his guess a good one.

Considered alone, the reorganization that is implied in the fusion of various services and divisions and bureaus into a single promotion and development and planning agency also is an attractive one.

There will be those critics who will note that the reorganization suggested is more nominal than real. But they are likely to be a minority. The public impression will be good.

## THE GOAL

The governor has told the legislature that he wants to pull together the state building program, agricultural development, industrial and commercial expansion, municipal development, recreational and tourist development and economic expansion of the north.

Those are phrases that sound impressive. But for the most part they are phrases. In several of these fields the state is now doing very little. There is no assurance that performance will be any greater or better in the future, for in this reorganization blueprint there is no provision for expansion of any of these services as such. About the only real extension will be the selection of a new officer who will stand a top the pyramid.

Some of the reorganization, meanwhile, is rhetorical in nature. Several of the promotion services won't actually be shifted — such as tourist promotion and dairy industry promotion. Their managers simply would be directed to "coordinate" their work with the other service divisions. They would remain for budgetary and management purposes where they now are — in the conservation commission and the department of agriculture, respectively.

It is a minor mystery in statehouse life why these specific promotion divisions were not joined many years ago. At least three previous governors have toyed with the idea. Once a candidate pledged such action in a campaign and then dropped the project after the election. It may be guessed that Nelson is hesitant about a physical transfer for the same reasons that his predecessors were. It is not easy to disturb the bureaucracy.

## THE APPEAL

Basically this new agency, for all of its limitations of structure, would be concerned with the goal of industrial development.

The realist may have grave doubts that the prosperity of a business-man at Rhineland will be significantly related to the activities of a corps of young statisticians and "long range planners" in green eyeshades at the capitol, or that a Chicago or Indianapolis manufacturer will be attracted into this state because somebody sent him colored brochures from the Wisconsin executive office.

The factors that control the climate for business in this state are far more basic, and indeed, far more difficult — too difficult for most of the politicians to face directly and candidly.

The idea of setting up a new title on the roster of state government departments has an almost irresistible appeal to such men. We're trying to encourage business, aren't we? The new Democratic rulers at the capitol are merely grafting onto a bureaucratic structure that was planted by the Republicans several years earlier.

## \$1.2 Million City Bond Sale Being Studied

**\$750,000 Would Go  
For Sewers; Rest  
Toward Other Work**

Sale of \$1.2 million in city bonds is in the offing, discussions in the street and sanitation committee and board of public works show.

The street committee at tonight's council meeting will ask for the sale of \$750,000 in bonds to cover sanitary and storm sewer projects to which the city is committed.

The works board Tuesday said it wants to hold off the sale until May 20 in order to make sure that another estimated \$450,000, needed for other projects, is included.

Other projects and their sums, the board pointed out, could include the south side swimming pool, \$250,000; the vocational school addition, \$100,000, and the Oneida street drawbridge, \$100,000.

City Clerk Broehm and Director of Public Works Duszynski are to work out a probable list of projects for the big sale and report back to the board just before the May 20 council session.

Duszynski gave this break-

down of where the \$750,000 would go:

1. Extension of the W. Lindbergh street sanitary sewer gravity line to meet the pressure line from the proposed northwest lift station, \$6,500.
  2. A sanitary sewer trunk from the sewage treatment plant under the Fox river to Ballard road, north on Ballard road, north on Pershing street, \$345,000.
  3. A sanitary sewer trunk to the Hansen-Bassett plat north of Newberry street and the railroad tracks on the east limits, \$24,500.
  4. Storm sewers for the Kesting-Kirk-Laue area annexed two years ago at the northeast corner of the city, \$200,000.
  5. Storm sewers in the 1950 program, at various locations throughout the city, \$100,000.
  6. Sewer and water extensions to the University of Wisconsin extension center site on Midway road in the town of Menasha, \$50,000.
- The projects total \$806,000, but Duszynski said there is an estimated \$56,000 from previous bond issues which is unencumbered.
- Duszynski said he has nearly completed tabulation of the architects' and engineers' of one big sale and report back to the board just before the May 20 council session.
- The vocational school project is about to get underway.

## City Invited to Send Representatives to Swim Pool Course

Appleton has been invited to send representatives to a swimming pool and recreational bathing managers short course at Milwaukee June 4 and 5.

State Sanitary Engineer O. J. Muegge said in a letter to the city council Tuesday the course will be conducted by the state bureau of sanitary engineering.

Mayor Mitchell reported. Bids are expected May 19.

A \$600,000 bond issue already has been sold to cover part of the Onelda street drawbridge work.

## Works Director To Study Added Park Purchase

Joseph H. Doerfler's offer of additional land for a far south side park should be studied by Director of Public Works Duszynski, the board of public works has decided.

Doerfler, in exchange for the right to buy back a 20-foot strip he sold the city earlier in a 6-acre park site, is offering to sell some additional five acres at \$1,750 an acre. He would buy back the 20 feet at the new price.

The original park purchase was at \$1,500 an acre.

Other board actions ap-

Thursday, May 7, 1959 Appleton Post-Crescent A9

proved by the city council Wednesday:

Payment of \$215.16 to the Chicago and North Western to cover costs of moving wigwags at Franklin and Division streets during the Division street reconstruction project was approved.

Building Inspector Walter Rogan was given permission to hire Lester Schultz, 508 W. Glendale avenue, to assist him this summer.

Duszynski, Street Committee Chairman Roy Pointer, City Clerk Broehm and Mayor Mitchell were given permission to attend a meeting of the Wisconsin chapter of the Am-

erican Public Works association May 21 and 22 at Wisconsin Rapids.

## Council Votes Second Storm Sewer List

A second series of storm sewer installations for 1959 is approved by the city council Wednesday.

The sewers would go into: Rankin street from Rankin court west a half block.

Rankin court from Rankin street to Jardin street.

Owaissa street from Pacific street to Jardin street.

Jardin street from Rankin court to the end of the street.

Gladys avenue from Calumet street to Taft avenue.

Harding drive between extensions of Gladys avenue.

Colony court from Gladys avenue to Meadowview lane.

Meadowview lane from Colony court to Taft avenue.

Frances street from Mason street to Summit street.

Summit street from Frances street to Marquette street.

Marquette street from Richmond street to Bennett street.

City Clerk Broehm will advertise for bids.

The council also approved inclusion of storm sewer projects on East street from Harding drive south 360 feet, and on Harmon street from Harding drive south 360 feet, in the year's first series of storm sewer projects.

The two streets will replace Rankin street, from Brewster street to Woodland avenue on the first list. Brewster street was moved to this second list.

## Support Bill to Give Subpoena Power to Rights Commission

Madison — The executive director of the governor's commission on human rights Tuesday urged a legislative committee to recommend a bill giving the commission the right to subpoena witnesses.

Rebecca Barton told the assembly public welfare committee subpoena power would be used by the agency only as a last resort in cases that couldn't be settled by education or conciliation.

The Milwaukee Association of Commerce was the only opponent. Joseph Balcer, the association's representative, said he was afraid the commission might subpoena business records and make them public. The commission has enough power now, he said.

## Sewer Agreement Offered to Permit Service Station

An agreement which would permit Shineen Products company, Neenah, to erect a service station at Richmond and Lindbergh streets was approved by the city council Wednesday.

The problem is that the station would be constructed atop a sanitary sewer that serves a house the company owns on Lindbergh street.

Shineen got permission to use the existing sewer until such time as sewer is made available in Lindbergh street. Then the company promises to connect the house to the Lindbergh sewer and end service through the service station property.

The company has \$500 in escrow which it will forfeit to the city if it fails to hook the house to the Lindbergh sewer.

## Mayor Reelected Chairman of City's Public Works Board

Mayor Mitchell Tuesday was reelected chairman of the city's board of public works.

Ald. Thomas K. Schneider was elected vice chairman. City Clerk Broehm, by virtue of his office, is secretary.

The board, the city's land agent and public works administrator and assessor, includes the mayor, clerk, director of public works, city attorney and chairman of the council's four standing committees.

## TV, Radio Schedule Herter's Report on Foreign Ministers

Secretary of State Christian A. Herter's report to the nation on the results of the foreign minister conference in Paris will be carried by all major television and radio networks tonight.

Most networks have the talk slated for 8:30 p.m., Central Daylight Time, but ABC-TV has it down for 9 p.m., CDT.

## Cub Scouts to Hold Bike Check Tonight

Columbus school Cub Scout pack 40 held a bike check Wednesday on the school grounds.

Cub fathers handled the checking. A policeman was on hand to give a brief talk and distribute safety literature.

## Chairmen Set for KC Convention

Committee personnel have been appointed for the Knights of Columbus state convention at La Crosse, May 17, 18 and 19. The 50th annual convention will open Sunday afternoon, May 17, with registration of delegates and guests. The Rev. John P. Treacy, bishop of La Crosse, will celebrate a pontifical high mass at 9:15 a.m. May 18. All sessions convention business will be Monday and Tuesday, with election of officers Tuesday afternoon. State Deputy James H. Levi, Stevens Point, has announced appointment of Gilbert Muelienbach, Shawano, and J. D. Simonis, Manawa, as an assistant warden.

County Has More Older Citizens Now

An overall growth of 22 per cent since 1950 in the number of households in Outagamie county maintained by people over 65 has been recorded by the audit committee and Ambrose Birschbach, Chilton, as an assistant warden.

## County Has More Older Citizens Now

The U. S. department of health, education and welfare. The figure covers both large and small units and compares with a national gain of 18 per cent and 20 per cent in the east north central states. The rise in Outagamie county has been from 22,005 households in 1950 to 26,900 in 1958. An estimated 3,362 are 1-person units. One-person units show the

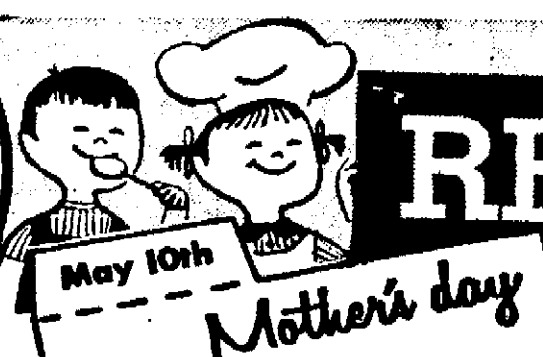

largest net gain in all age groups the statistics reveal. The census bureau finds that 6.1 million households in the United States — one out of every eight — are now single units, occupied mostly by older people. The number has increased 50 per cent since 1950 and has more than doubled since 1940. Latest government figures

show that at least three out of every five persons more than 65 years old are drawing some kind of monthly benefit under a public or private retirement plan. In Outagamie county, payments to residents under the old age and survivors insurance program amount to \$336,000 monthly.

## NOTICE

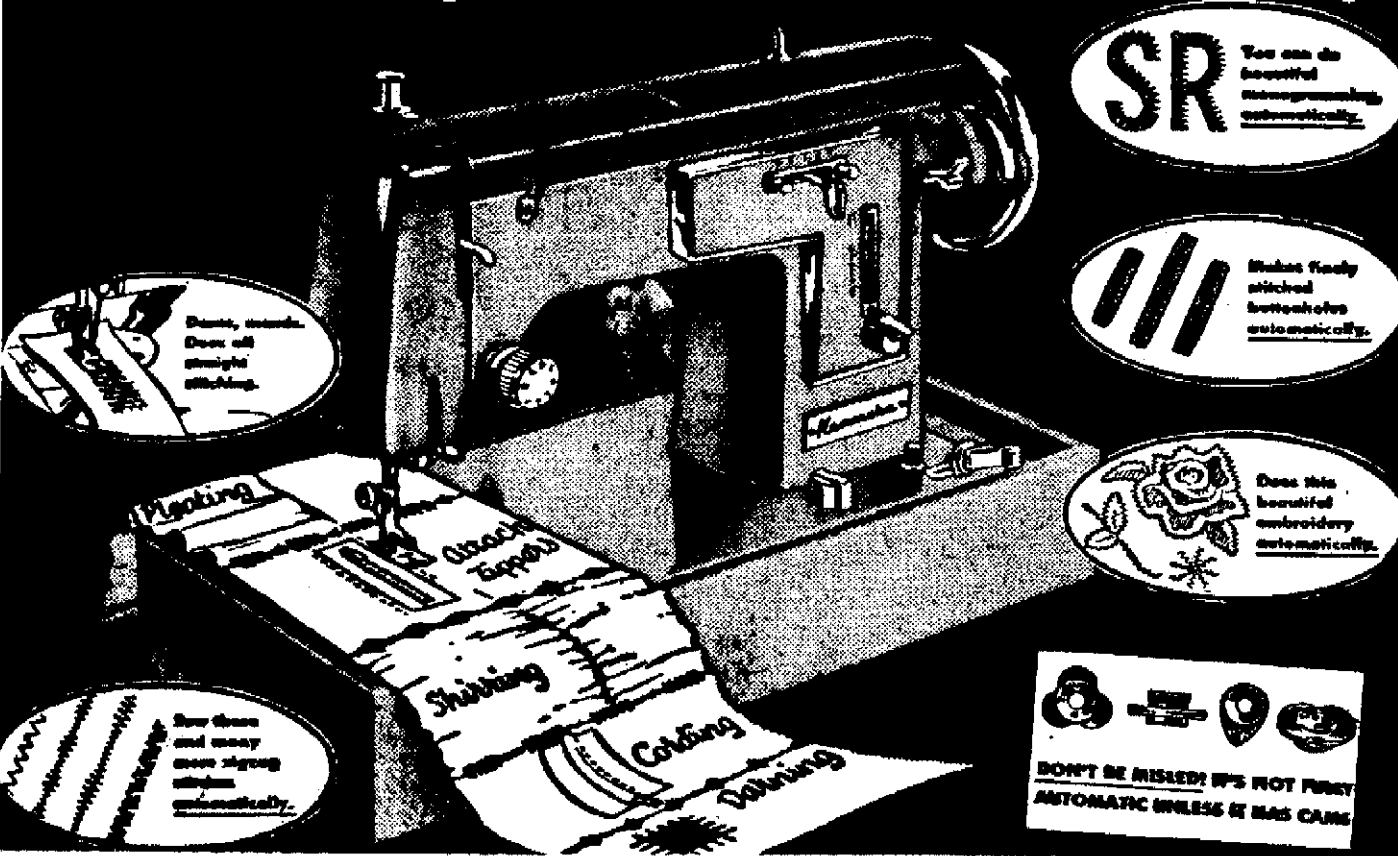

A panel of teachers and principals will discuss "Appleton's Reporting System" in a meeting for interested people. The discussion will be held in the Morgan School Auditorium on Thursday, May 7, 1959 at 7:30 P.M. You are invited.

# Parade Highlights Rural Youth Day

4,000 From County Schools, 4-H Clubs to Attend Saturday Event

About 4,000 rural youths, from 4-H clubs and schools in Outagamie county will "invade" the city Saturday for the Jaycee Rural Youth day at Erb park.

The event, according to Tom McHugh, publicity chairman, is to help rural youth get better acquainted with city people. The day's program will consist of a parade starting at 10:45 a.m., a talent show, crowning of the queen and a lunch at the Tom McHugh, publicity chairman, is to help rural youth get better acquainted with city people. The day's program will consist of a parade starting at 10:45 a.m., a talent show, crowning of the queen and a lunch at the

will start near the water tower on N. Division street. The route will go south to College avenue, east on College to N. Oneida street and on to Erb park.

**Parade Bands**  
Bands will march on Oneida street only as far as the Chicago and North Western railroad tracks.

The parade will stop momentarily in front of 231 W. College avenue for the crowning of the queen, Jean Ann Kroner, Seymour. Mayor Clarence Mitchell will officiate at the crowning ceremony.

King of the event is Norbert Stingle, Appleton. His runnerup is Henry Winterfeldt, Shiocton. Miss Kroner's runnerup is Janice Lathrop, Appleton.

Miss Kroner's court consists of Carol Jean Henke, Fran Koller and Sandra Laudon, all of Appleton; Linda Lambie, Kaukauna; Patricia McCandless, Hortonville, and Janice Schnable, Black Creek.

In the king's court are Gene Kaddatz and Bill Palitzer, both of Appleton.

**4-H Floats**  
The parade consists of the king and queen, the safety court of honor, the outstanding young farmer of the county, the Appleton High school band, the Shiocton High school band and the Little Chute Baton Twirlers.

Floats have been entered by 13 4-H clubs in Outagamie county. They are the Busy Badgers, Valley, 4-Leaf Clover, Woodlawn, Lucky Star, Busy Macks, Chief Shiocton, Friendly Neighbors, Grandview, Willing Workers, Woodland Hustlers, Singing Pines and Always Onward.

When the parade reaches the park, treats will be distributed by the Jaycees. At 1

## Works Board Stops Vacating Of Alton Court

Wants State to Build Regular Driveway Entrance Instead

The board of public works Tuesday decided to halt proceedings to vacate part of S. Alton court at the new high level bridge approach.

Instead, it will recommend the state highway commission construct a regular driveway entrance at the S. Alton entrance on the bridge approach.

It is intended, discussion showed, to keep the driveway a public thoroughfare, but to discourage traffic on it by building the driveway to sidewalk level, erecting no street signs marking it as a street and perhaps later by restricting the travel and turning movements.

**Whitman Satisfied**  
Attorney for J. R. Whitman, Sr., opponent of the vacating, has told City Atty. Don L. Jury the driveway would be a welcome solution to a months-long controversy.

If the driveway is constructed, L. W. Empey, highway commission engineer, reportedly has told the works board safety islands and extra pavement width on College avenue will not be needed.

p.m., Mayor Mitchell will open the afternoon round of talent shows and festivities with an address of welcome.

**Award Prizes**  
The school and 4-H talent show and program will precede the awarding of prizes to the queen and her court at 1:05 p.m. At 2:15 p.m., float awards will be presented and at 2:30 p.m. Jack Staley will present some professional entertainment. Lee Jensen will be the master of ceremonies.

A Seymour girl, Cheryl Mueller, with a baton twirling act, will lead off the 11-event talent program.

Others on the program include the Darboy Ever Alert 4-H club, "That Wonderful Year"; Glenmore 4-H club with a square dance; Susan Neubert of the Elm Grove Center school with an accordion solo; the Spring Brook Beavers 4-H club with a musical trio; an accordion solo by Mary Kay Baum of the Woodlawn 4-H club; Stitch and Chat chorus; two more accordion numbers by Bruce Ticker of the North Star 4-H club and Carol Krause of the Grandview 4-H club, and Peggy Sausek with a tap dancing number.

**Mobile X-Ray Truck To be at Locks Mill**

**Combined Locks** — The Wisconsin Anti-Tuberculosis association mobile X-ray truck will be at the Combined Locks Paper company Friday and Monday.

Free X-rays will be taken of employees, their families and anyone from the village. The unit will be open from 9 to 12 a.m. and 1 to 4 p.m. each day.

## Asked to Halt Nuclear Tests

Washington — The U. S. Court of Appeals was asked Monday to order the United States to halt further nuclear tests.

The appeal was made by 39 individuals, including scientists, churchmen, Japanese

fishermen, residents of the Marshall Islands and others. Among the well known plaintiffs were Dr. Linus Pauling, Nobel prize winning chemistry professor at the California Institute of Technology, socialist leader Norman Thomas and British philosopher Bertrand Russell. The appeal probably will be

Thursday, May 7, 1959 Appleton Post-Crescent A15

heard by the court next fall. The group asked the court of appeals to overturn a ruling of last July 31 by U. S. Dist. Judge Richmond B. Keech. He dismissed two suits, saying the complaints failed to show there were a jurisdiction. He held also that none of the 39 plaintiffs had

## Sees Strike Unless Union Wins Demands

CONTINUED FROM PAGE 1  
gottator for U. S. Steel corporation and the industry, agreed to quit airing differences at joint meetings with reporters after they dined it up a bit at such a session yesterday.

Cooper confirmed reports that the industry is working on a plan to counter any union divide-and-conquer strike move.

He said that if the union should strike only one or a few industry producers the others left operating might, under the plan, share any excess profits with the strike-bound firms.

Cooper also hinted steelmakers are considering shutting down in a common front if

any one or few are struck. He said the industry is considering all eventualities while hoping to reach a peace pact with McDonald ahead of present contract expirations June 30.

**Verbal Exchange**  
While both Cooper and McDonald reflected the surface cordiality that has marked their joint meetings with news men since negotiations opened Tuesday, the union president made it clear that he was unhappy with the industry's mutual aid strike plan. He accused the industry of provoking strike talk.

This led to an exchange between Cooper and McDonald still cordial yet obviously pointed as to which side has been responsible for past steel strikes.

Cooper said the industry never calls strikes. McDonald countered that neither he nor Philip Murray, late Steelworkers union president, "ever issued a strike call." He said Steelworkers just automatically stop working without a successor contract.

Evidence of growing tension was also reflected in the Jones & Laughlin Steel corporation and Kaiser Steel company negotiations with the union. Both hit snags and quit early on what McDonald later described as "procedural difficulties." Both bargaining ses-

sions were due to resume today on a calmer note. Actually, a dozen sets of union negotiations are underway with as many top steel producers. These are expected to boil down, later preliminaries, into more decisive industrywide talks of 4-man union and industry teams headed respectively by McDonald and Cooper.

## Little Hostility To Civil Service Salary Increase

**Racine Taxpayer Association Offers Only Dissatisfaction**

**Madison**—A proposal to boost salaries \$3½ million for 23,000 Wisconsin civil service employees and university and college faculty members met little opposition at a legislative hearing Wednesday. Lone opponents of the bill and another calling for a state group life insurance program were spokesmen for a Racine taxpayers group. Biggest backing for the bills came from Joe Nussbaum, the governor's financial aide, and Roy Kubista, executive secretary of the State Employees association.

**Pay Lag**  
Kubista told the joint finance committee that civil service salaries lag 4 per cent behind those in state industries.

The president of the University of Wisconsin, Dr. Conrad A. Elvehjem, said other large universities tried to lure away many faculty members this spring. The proposed salary hike will help in negotiating with professors who are offered more elsewhere, he said.

**How it Works**  
The bill proposes an 8 per cent increase by providing a 4 per cent raise to go with 4 per cent merit increases carried in the budget bill.

O. H. Huebner of Racine, speaking for the taxpayer group, said the line must be held on spending.

"When is the legislature going to start considering the morale of the taxpayer, since their morale is lower than that of state employees," he asked.

## New Yorker Invited to GOP Party

**Washington**—New York Gov. Nelson Rockefeller will be guest of honor June 11 at a lawn party of the Capitol Hill club, a group made up mostly of conservative Republicans.

It will be Rockefeller's first appearance at a political gathering outside New York state since he became governor. His acceptance of the invitation started talk that this might be his first move in a bid for the 1960 GOP presidential nomination.

Rep. Carroll Reece (R-Tenn.), president of the club, yesterday announced the party to honor Rockefeller, who was one of the founders of the club.

Vice President Nixon, who may be battling Rockefeller for the Presidential nomination next year, is a member. The club has similarly honored other members in the past, including Nixon. There was no indication whether Nixon would attend the June 11 affair, to which all club members are invited.

The party will be closed to reporters. There is a club rule against speeches at such occasions, but Reece said he thought members would want Rockefeller to say a few words.

## Secretary of Labor Among Winners of Horatio Alger Awards

**New York**—The original "Fuller brush" man, who parlayed an idea and a lot of determination into all difficulties to rise to a multimillion dollar business and fortune, was named today with wide reputation. The awards are named for Horatio Alger, whose long series of books many years ago spotlighted the youth of his way to success by dint of industry and ingenuity.

groceries at \$2 a week to buy books while attending school in Elizabeth, N. J.

Another was Alfred C. Fuller, the original "Fuller brush" man, who parlayed an idea and a lot of determination into all difficulties to rise to a multimillion dollar business and fortune, was named today with wide reputation. The awards are named for Horatio Alger, whose long series of books many years ago spotlighted the youth of his way to success by dint of industry and ingenuity.

## Pope Pius' Doctor May Continue His Practice

**Rome**—Pope Pius XII's doctor, who sold an account of his patient's death agony, has won the right to continue practicing medicine physician. The central commission for the practice of sanitary professions yesterday annulled the pope's personal physician's expulsion.

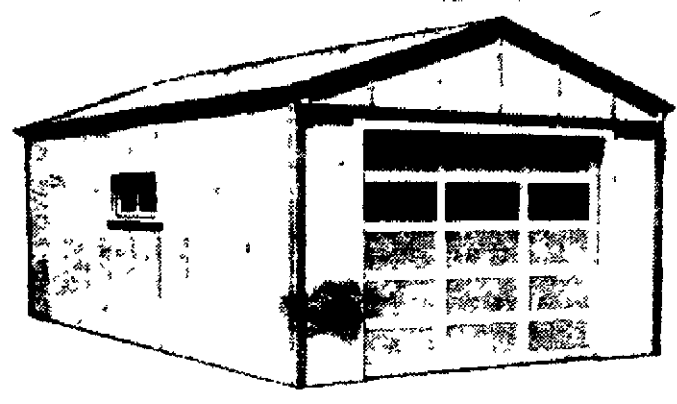

## Portugal Discloses Plot of 2 Months Ago

**Lisbon, Portugal**—The Portuguese government today revealed a plot two months ago against Dictator Antonio Salazar and said 22 civilians and 9 army officers had been arrested. Interior Minister Arnaldo Schultz said the cases of the civilians, none of them was identified, were being investigated by the secret police. Army authorities were questioning the military, he said, adding that the highest ranking officer among those arrested was a major.

Pizza Popularity Zooms, Now Easy To Prepare, Serve

BY LILLIAN MACKESY Post-Crescent Food Editor

For all its Italian background, pizza has become a popular food favorite among Fox Cities families of all types and is particularly a fancy of the teenage and young married sets.

Today any homemaker can make pizza easily and quickly with the use of handy ready-made assistants on the market.

What are they? One is a hot roll mix, the second a ready made English muffin that makes an excellent individual pizza base and the third is a brand new Fox Cities product—frozen pizza dough.

All ready-to-roll, this Bagel-made pizza dough comes in a carton containing four individual crusts that make 12-inch pizzas.

The baker's directions on the back of the package are explicit. First remove the dough from the freezer and allow to thaw at room temperature without removing from the envelope. This procedure takes from 20 minutes to a half hour.

Stretch It Out When thawed, the dough is taken from the envelope, rolled and stretched out to the desired size. Then it is placed on a greased cookie sheet or pizza pan.

The next step is to spread each pizza evenly and generously with the all important sauce, about five ounces of sauce for each pizza. Add 12 to 15 chunks of cheese and the basic pizza is made.

If it's a cheese pizza that's wanted—here's where the cook stops, popping the prepared dough into a 425-degree oven. Cooking time takes from 15 to 20 minutes to get the crispness desired.

Variations For more ingenious cooks, this stage is but the beginning. Toppings may be added according to family tastes.

Meatball or thin slices of pork sausage may be added with the meat used in raw form to bake along with the dough in order to give it flavor.

Sliced fresh or canned mushrooms is another favorite topping, sometimes in combination with the meat. Pepperoni sausage, wieners, onion slices or rings are still other variations. If sausage or frankfurters are used, slice them paper thin and garnish with sliced stuffed pimientos and olives.

And hot roll mix is preferred, one package will make two large 14-inch pizzas. For a party, it's a good idea to use 9-inch foil tins—they make wonderful individual servings and eliminate dishwashing problems. If the smaller tins are used the

Party Pizzas

packaged mix makes four crusts. The morning of the party, heat until cheese is melted make up the hot roll dough, and heated through. Just be pat it into pans and it's all fore serving, top with a dab ready No rising no fuss but of peanut butter mixed with plenty of time for preparing tomato paste. Serve piping the cheeses, toppings and hot

Barrett's

Pizza Has Become an all-American favorite, vying with the hot dog and hamburger for popularity. This sausage pizza has a crust prepared in a twinkling from frozen dough now available in Fox Cities stores. Each package contains four crusts that roll out into 12-inch pizzas, and the ingenious cook goes on from there with cheese, sauce and toppings. Other handy helpers for quickly made but delicious pizzas are the hot roll mix or packaged English muffins for individual servings.

Waxed Paper Modern Ally of All Homemakers

That favorite kitchen ally, waxed paper, will come into its own more than ever now that the picnic season is at hand.

Easy to use with the modern packaging perfected for quick, efficient tearing and shelf storage, all the homemaker has to do is find the most convenient spot in the kitchen for it.

This paper has so many uses but many a picnic dish or sandwich will have better taste and looks because of its waxed paper covering. Sandwiches for young fry at parks and playgrounds can be wrapped individually. Dishes for group affairs of the potluck variety will not lose one iota of taste if covered with waxed paper until serving time.

Leftovers, so valuable to homemakers' budgets, may be stored in refrigerator without losing food value or taste if snugly covered with it.

Now that families take to beach lake, motor trip and park at the drop of a hat food supplies for snacks and outdoor meals from fish to fowl, from meatloaf to pork

cuts of salt and other season mild in flavor for those who don't take to spicy foods. For when waxed paper wrapped this, quarter and slice one

It's a boon to the modern housewife who only needs to ask an older member of her family how easy it makes a

Sauce All Important

It's the sauce that makes a medium onion to make two-thirds cup and chop a small green pepper to make about two-thirds cup. Saute onion and pepper in three table-

spoons bacon drippings until onion is golden brown. Add one can (8 ounces) tomato sauce, one can (6 ounces) tomato paste, one teaspoon sugar, one fourth teaspoon pepper and two teaspoons, oregano Stir in bacon bits.

Sour Cream Sauce Combine one and one third cups sour cream, one fourth cup mayonnaise, one-fourth cup cheddar cheese, one-fourth cup Worcestershire sauce, one teaspoon salt, one half teaspoon paprika, one fourth teaspoon garlic salt and two to three tablespoons horseradish, if desired. This is excellent when used with Provolone or Mozzarella cheese.

Barbecue Sauce Another spicy barbecue sauce that's delicious with pizza is prepared in this fashion. Combine in sauce pan 14 ounces catsup one and one-half cups chopped onion two tablespoons Worcestershire sauce two teaspoons preloved mustard two teaspoons salt one half teaspoon pepper two tablespoons brown sugar and two tablespoons vinegar Heat to boiling Stir in one-fourth cup butter. Cool

Mild Sauce American Pizza Sauce is mild in flavor for those who don't take to spicy foods. For this, quarter and slice one

Women's Guild Sets Meeting

The Women's Guild of St. John Evangelical and Reformed church will meet tonight after the Ascension day church service. Husbands of members will be invited to attend the meeting.

There will be a Memorial Service for members who have passed away during the year with Miss Marion Haefl in charge.

Hostesses will be Mrs. Edward Kleist, Mrs. Arnold Seidler and Mrs. Homer Klotzbach.

Scouts Set Outing

Seymour — The annual outing at a Loon Lake cottage was set by the Senior Service Scouts for June 3, 4, 5.

Pizza baked in 10 by 12-inch rectangle pan uses about one cup of sauce. For a 14 inch round pizza, in pizza but here are some use about a cup of sauce and proportions suggested. About one third cup of sauce one fourth cup of sauce is used for a 9 or 10 inch used for a 9 inch foil pan. A sized pie pan.

Century Club to Open Dinner Dance Season At Riverview Party

Appleton Century club will open its 1959-60 formal dinner

dance season Saturday night at Riverview Country club. Dinner will be served at 8 p.m., with a local orchestra engaged for the evening.

Preceding the dinner, the customary pre-dance parties will be held at the homes of four members, who will be assisted by committees. Guests will gather at designated residences from 6:15 p.m. to 7:30 p.m.

Schedule of the 4 dance series includes parties Saturday and Oct 3 at Riverview, and parties Nov. 28 and Jan. 30, 1960, at North Shore Golf club.

Mr. and Mrs. Paul Black are serving as general chairmen for Saturday's party. Entertaining at their homes will be Mr. and Mrs. Harold Adams, host and hostess, assisted by Mr. and Mrs. Stanley Gabert, Mr. and Mrs. Vilas Gehin and Mr. and Mrs. M. J. Schulenburg.

Mr. and Mrs. James Femal, host and hostess, assisted by Mr. and Mrs. George Baldwin, Mr. and Mrs. James Mc-Kenny and Mr. and Mrs. William Playman; Dr. and Mrs. James Gmeiner, host and hostess, assisted by Mr. and Mrs. Vernon Cornelius, Dr. and Mrs. Robert DeCook and Mr. and Mrs. Forest H. Sprowl.

Mr. and Mrs. Marilyn Olson, host and hostess, assisted by Mr. and Mrs. Mark Cathin and Mr. and Mrs. Clarence Greiner.

Club officers are Fred T. Eustice, chairman, and Cornelius, secretary - treasurer. Board of director members are Sidney O. Dutcher, Leonard E. Pasick, John P. Reeve and Eustice.

Club officers are Fred T. Eustice, chairman, and Cornelius, secretary - treasurer. Board of director members are Sidney O. Dutcher, Leonard E. Pasick, John P. Reeve and Eustice.

The couple was united in a 10 a.m. ceremony and nuptial high mass on Saturday. The bride and her father were preceded down the aisle by Mrs. George Rosek, Jr., the matron of honor, and Mrs. Lavern Schoelk, the bridesmaid. Mr. Rosek will be the best man and Mr. Schoelk was the groomsmen.

A wedding dinner, reception and dance honored the newlyweds in the Nichols ballroom. After a wedding trip in northern Wisconsin, the couple will reside at 1119 Kenwood street, Green Bay.

The bride attended Seymour high school and was employed at Zwicker Knitting Mills.

The bridegroom attended Pulaski high school and is employed at the Morning Glory plant, De Pere.

Millie Bubolz to be Chairman of Dance At Valparaiso

Millie Bubolz daughter of Mr. and Mrs. Gordon A. Bubolz, 78 River drive, is serving as chairman of the Spring Festival ball, one of the events to be held on the Valparaiso university campus, Indiana, during the annual Spring Festival weekend, Friday through Sunday.

Miss Bubolz, a junior, is majoring in history and Spanish. She is a member of the Spanish club, the International Relations club the inter-sorority council and Gamma

Butte des Morts Golf club has been chosen as one of the limited number of American private clubs to try a new processed ham. The meat will be served as a special feature of the club's Mother's day buffet Sunday.

To develop its flavor and tenderness, the ham has been cured for 93 days, involving three different brine processes. Each brine curing stage takes 31 days.

# AAUW Told to Approach Old Age With Intelligent Outlook

Members of the Appleton branch of the American Association of University Women agreed that people of 65 and 70 must develop their own preventative measures against boredom. The problem is that many never had interests outside the confines of their home, and after the children are married and gone, and there is no office to go to, people realize how limited their interests in the art and humanities has been. Both women suggest that schools and colleges should stress the arts and humanities equally with the sciences. It will help to face old age intelligently.

Mrs. Ehrensberger, Madison, is active in AAUW. She explained that retirement years begin not with reaching 65, but with the state of mind. "Begin planning ahead," she advises. "The wife can help the husband by 'weaning' him away bit by bit from business and give him a diet of solids such as travel, civic interests and reading."

**Boredom Disease**  
"The greatest disease, not usually written about or talked about, is boredom," she said. "The person who has been active all his life and suddenly is faced with retirement doesn't know how to keep his retirement years as busy ones. Some of those people who die two years or so after retirement often have heart attacks due to 'stewing' about their inactivity."

She and Mrs. Ehrensberger

## Vocal, Instrumental Recital Scheduled

A recital by Lawrence conservatory students will be given at 3:30 p.m. Friday in the conservatory. The twenty-first in this year's series of recitals will feature both vocal and instrumental soloists.

Included in this week's program, which is open to the public, are Ruth Wangerin, soprano; Wayne Wirth, mezzo-soprano; Wayne Wirth, trumpet; Marly Mel-

## Liz Taylor and Eddie Set Tuesday Wedding Date

Hollywood — Liz Taylor and Eddie Fisher says he and Elizabeth Taylor will marry in Las Vegas, next Tuesday with Michael Todd Jr. serving as best man.

Fisher said the two had planned to marry the 14th. "I don't finish here at the Tropicana until the 12th," the singer said in a phone call from the desert resort. "And of course we would never be married on the 13th. So we had planned to get married the 14th. But Michael cabled us that he has to be back in Spain by the 14th."

Todd Jr., son of the actress' late husband, is shooting a movie in Spain.

Mrs. Howard Taylor, who is married to Liz' brother, will stand up for her sister-in-law. The brother and his wife live in La Jolla, Calif.

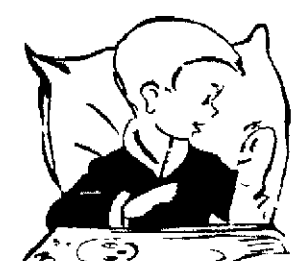

Fisher said there would be two ceremonies—a civil and a Jewish rite. The latter will be performed by Rabbi Max Nussbaum, who recently converted Miss Taylor to Judaism, the same faith as Fisher.

The actress said that both rites would be private, with only the families and a few close friends present. She added that there would be no press or photo coverage.

Fisher's 6-week legal resi-

### Mother's Helper

by Heilmann & Pearson

"SOCKO" is a good companion for your convalescing child—doubly so because he can be created by his owner. Tack a white sock to a cutting board so it will stay in a convenient position to be worked on. Show your child where to draw the face, and let him use his crayons and imagination to make just the kind of puppet pal he wants. To work "Socko," just slip him over your hand.

**GRACE'S APPAREL SHOP**

Wednesday Evening the American Association of University Women held a symposium on "Facing the Inevitable." Guest speakers on old age were honored at a dinner beforehand at the Fred Granberg home, 1824 N. Racine street. Left to right are Mrs. Homer Malmstrom, Appleton; Mrs. Fred Ehrensberger, Madison, guest speaker; Dr. Patricia Lanier, Kewaunee, guest speaker; and Mrs. William Arnold, program chairman.

heating installation and begin to budget the money.

She says money problems often develop in the later years which could be avoided by saving money—pay check by pay check. Look into the possibilities of sound investments in saving bonds, real estate and insurance. In old age, she said, it is foolish to worry about speculation and investment in stocks. It's the time not to gamble, but to be assured of a steady income and means of support after 65.

All agree that old age, faced intelligently, with understanding and with active plans for the future, can be fun, a joy and essentially a "re-birth."

**Mamie Writes**  
Mrs. Minnie Smith, route 1, Hortonville, who observed her 90th birthday anniversary April 3, has received a congratulatory letter from Mrs. Dwight D. Eisenhower. Miss Smith plans to answer the note.

## Family Dinners to Mark Mother's Day

Mother's Day will be celebrated by members of River-View Country club and Butte Golf clubs at family dinners buffet and table service from Sunday, noon until 3 p.m., and from 5 p.m. to 8 p.m. Mothers will be served at Riverview starting with flowers at 12:30 p.m. and continue to 2 p.m. Reservations are to be taken until Friday with the club. Serving of regular Sunday Saturday noon

# Woman Has Led 3 Married Lives, Wants to Try a Fourth

**BY ANN LANDERS**

DEAR ANN: I'm 51 and have lived three lives. I'm ready to start on the fourth. Your advice will be my decision.

I married a real rummy when I was 17. At 21 I had two babies and a divorce. Husband No. 2 enough to increase the family by three, then announced he was in love with someone else.

Four years later I married a handsome man (I should say boy). I know it was stupid, but the load of five kids was heavy. I was desperate. He was a loafer and got into dozens of jams with women and the police. He beat me every Saturday night and apologized on Monday. After 13 years my doctor said it was either a divorce or a cemetery plot.

Now, after three years of freedom I feel like a human being again. But marriage beckons once more. The man I'm going with doesn't drink or smoke. He's hard-working and quite attractive. The trouble — he's insanely jealous without cause.

He inspects the driveway for tire marks and wants to know who brought the box of donuts.

Dare I take another chance after all I've been through? By the way, he's just 40. What's the verdict? — Bea W.

Dear B.: The verdict is guilty — of being a fool to consider a fourth marriage to a man who is (a) too young for you, and (b) shows every sign of being bad news from the outset.

If he doesn't trust you now what do you think life will be like later? Enjoy your single status or find a mature man who won't look under the bed every time he walks into the house.

DEAR ANN: Most of the kids in our graduating class are going to an all-night swimming party the night of commencement. It will be held at a well-known place. There will be no chaperones. I've always been a good girl and have never caused my parents any trouble. I'm heartsick that they don't have more faith in me. Some kids in our class drink a little but I don't and I have no desire to try it.

Please say something in your column so my folks will let me go. I need your help. Thanks — Water Baby

Dear Water Baby: You came to the wrong place for help, honey. I'm not about to encourage parents of a high school girl to allow her to attend an all-night unchaperoned swimming party where some of the kids drink "a little".

This party may be perfectly O.K. but it has all the ingredients of dynamite and my advice to you is to skip it.

DEAR ANN: My sister-in-law does her best to chop me down in little ways. One of club

## Culbertson on Bridge

**By Ely Culbertson**

The key defensive play in the following hand was not easy — this type of play never is — but if East had gone in for deep analysis, he might have seen the light.

South, dealer.  
North-South vulnerable.

NORTH  
S—Q 5  
H—J 6  
D—Q 4 3  
C—K Q J 9 6 5

WEST  
S—J 8 4  
H—A 9 7 3 2  
D—9 6  
C—8 4 3

EAST  
S—10 9 6 2  
H—Q 8 4  
D—J 10 7 5  
C—A 2

SOUTH  
S—A K 7 3  
H—K 10 5  
D—A K 8 2  
C—10 7

The bidding:  
South West North East  
1 S Pass 2 C Pass  
3 NT Pass Pass Pass  
NT made the normal opening from his holding the three of hearts. Dummy played low. East put up the queen and South was happy to win the trick, since he now had another sure stopper. He knocked out the club ace and ended up with two overtricks.

Now let's see what the result could have been.

Assume that East, giving no thought to the supposed crime of finessing against partner, had played the heart eight at Trick 1. That would have fixed South. If he won with the ten, East's subsequent lead of the heart queen would deliver four tricks to the defense (along with the club ace), and if South let East win with the heart eight, West would merely have to duck East's heart return, maintaining defensive communications.

Would the suggested play for East — the heart eight rather than the queen — fall into the realm of double-dummy play? In other words, did East have to be second-sighted? No. Under the Rule of Eleven, West's opening lead marked declarer with three cards higher than the three-spot. If South had the heart race, it wouldn't matter which card East played, since South would certainly hold up his ace for two rounds, cutting the East-West communications. But if South lacked the ace, he might easily be held to one heart trick by East's keeping the queen to smother dummy's jack on a latter heart return.

Hibiscus

# Indoor Gardening Hibiscus Flowers Similar To Those of Garden Hollyhock

**By Katherine B. Walker**

One of the most dependable of the large flowering shrubs for indoor use is Hibiscus (H. rosa-sinensis). In theory, this plant develops a flower with each new leaf, but in practice, it is something else again.

While it is a prolific flowerer when it gets enough sun, I have found that the northern winters are too dark for it unless it is given supplemental lighting. Since the leaves are a good green color, point it in shape with serrated edges, it is a handsome foliage plant during the brief time it may sulk during periods of insufficient light and sun.

Flowers of the hibiscus are similar to those of the hollyhock, and the stamens and anthers protrude prominently in the single-flowered forms. In the double varieties, they are not quite so noticeable. In either type, flowers may be in various shades of yellow, pink and red, my own favorite being a lovely soft salmon shade.

**Need Pruning**

Since flowers form on terminal branches, most growers will be a lovely plant for your age plant during the brief time it may sulk during periods of insufficient light and sun.

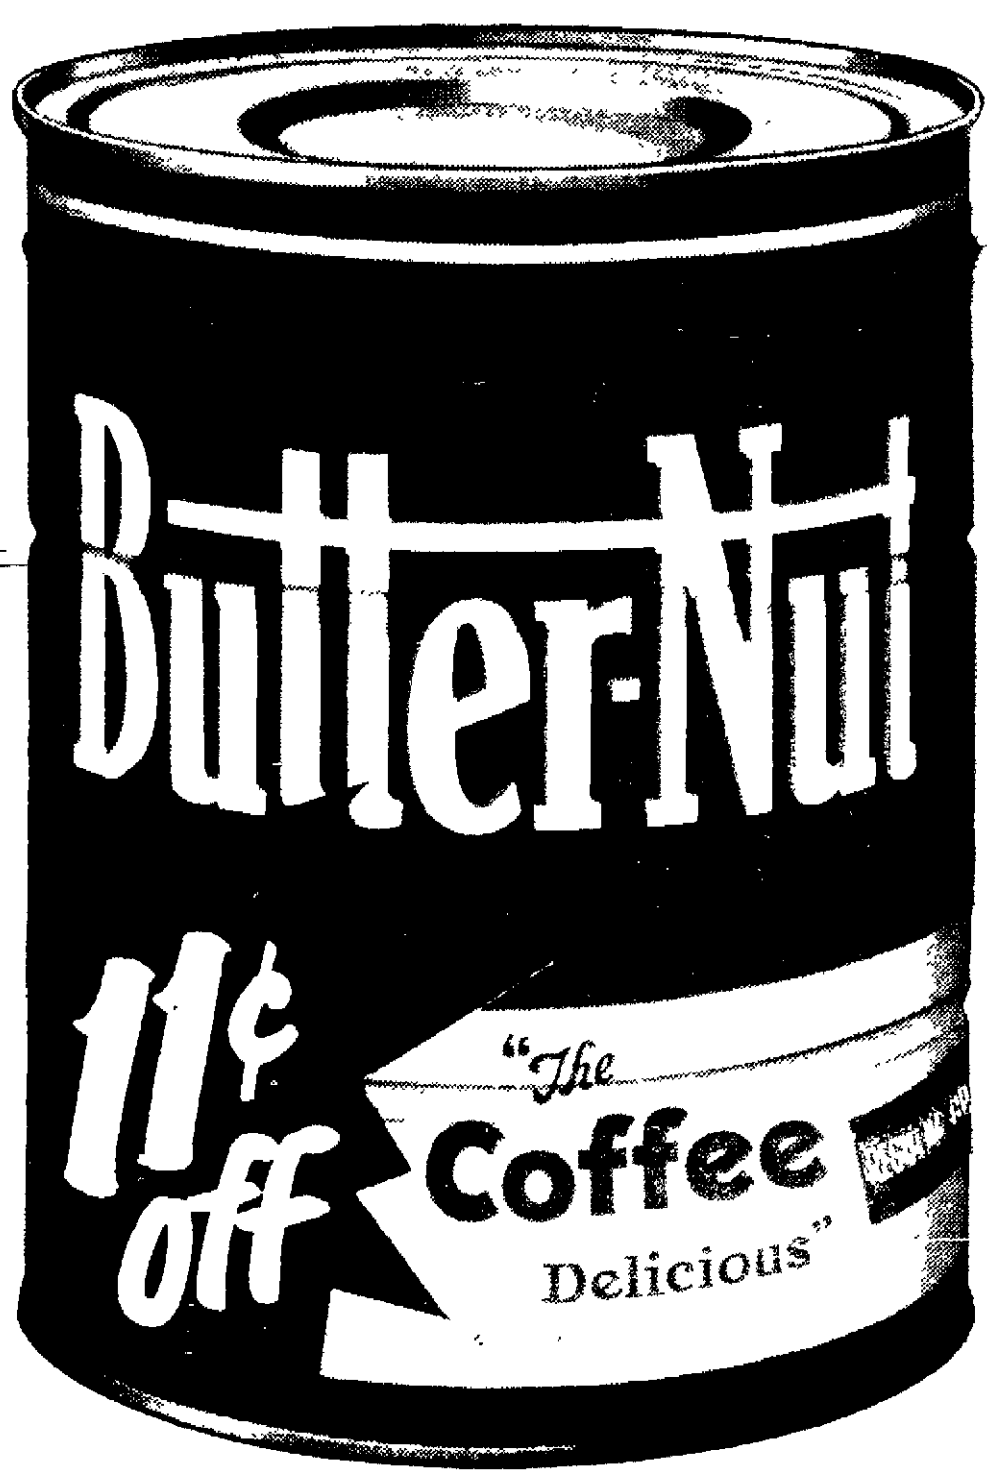

In no time, the plant will begin forming more buds, and resume its normal blooming. Most of all, hibiscus loves sun and warmth. In addition, they require rich, loose soil and may need regular feedings of a complete plant food, especially if bloom is heavy. Keep the soil moist but not wet, soaking the pot in water to insure that the entire root-and-soil ball is thoroughly moistened. If you've never tried hibiscus, do get one this year; it will be a lovely plant for your age plant during the brief time it may sulk during periods of insufficient light and sun.

bloom for an extended period. But hibiscus, especially young ones, need severe pruning to induce maximum branching which will lead to maximum flowering, and also to develop a sturdy, bushy plant.

In no time, the plant will begin forming more buds, and resume its normal blooming. Most of all, hibiscus loves sun and warmth. In addition, they require rich, loose soil and may need regular feedings of a complete plant food, especially if bloom is heavy. Keep the soil moist but not wet, soaking the pot in water to insure that the entire root-and-soil ball is thoroughly moistened. If you've never tried hibiscus, do get one this year; it will be a lovely plant for your age plant during the brief time it may sulk during periods of insufficient light and sun.

Four Emmy Winners Hold trophies they won Wednesday night at the Television Academy's annual awards ceremony in Hollywood. From left to right are dancer Fred Astaire, who collected the biggest number of Emmys, nine, in the academy's 11 years; Dinah Shore, a repeat winner who was named the best actress in a musical series; Dennis Weaver, the limping marshal's assistant of "Gunsmoke," named best supporting actor, and Barbara Hale, Perry Mason's secretary who was honored as best supporting actress of the year.

# Fred Astaire Wins 9 Emmy Awards

## Television Veterans Also Win Share of Academy's 42 Honors

BY JAMES BACON  
Hollywood — Fred Astaire and his first big show for television danced nimbly away last night with every Emmy within reach. "An Evening With Fred Astaire" had been nominated for nine Emmys—and won them all. But television's oldtimers took their share of the 42 awards — among them Jack Benny, Loretta Young, Dinah Shore, Perry Como and Edward R. Murrow.

Omnibus, the Hallmark Hall of Fame, Playhouse 90 and the Alcoa — Goodyear Theater — "It's a big night for dear old dad," Astaire breathlessly told

a nationwide television audience which saw the 90 minute show over NBC-TV. That just about summed up the eleventh annual TV Emmy awards show.

**Major Winners**  
Here are the major winners of Emmy awards presented last night by the national academy of television arts and sciences:  
Most outstanding single program of the year: "An Evening With Fred Astaire"  
Best dramatic series, one hour or longer: "Playhouse 90"  
Best dramatic series less than one hour: "Alcoa-Goodyear Theater"  
Best comedy series: "Jack Benny show"  
Best musical or variety series: "Dinah Shore Chevy show"  
Best western series: "Maverick"  
Best public service program or series: "Omnibus"  
Best news reporting series: "Huntley-Brinkley report"  
Best panel, quiz or audience participation series: "What's My Line?"

# Red Star District Votes to Build School Addition; Meeting Heated

**BY JACK HOLZHUETER**  
Post-Crescent Staff Writer

Red Star school district, town of Harrison, Calumet county, Wednesday night voted to build an addition to its 1-room school rather than consolidate with Appleton or Harrison school district.

But whether the vote is legal is a question.

The meeting was filled with shouts, charges and counter-charges. Shortly before a final vote, one of the advocates of consolidation with Appleton jumped to his feet and moved for adjournment. A second was shouted.

**Clerk Opposed**

Before a vote was taken, Orville Johann, clerk of the school board, said, "I think we should adjourn" and walked away from his desk. He was recalled by shouts. "You can't do that. Now you're pushing for Appleton for sure."

Johann attempted to take a hand vote, but because the hall was crowded with people and the back and sides of the room were filled with standees, counting was impossible. He then asked for a standing vote.

Johann counted 50 for adjournment, 54 against. Someone shouted, "That's not legal. There are 108 registered people here, according to the registry, and 113 votes." The pro-building faction called school board, said, "I think

ceded to attempt a vote on consolidation or building. Johann ruled the meeting was adjourned and was supported by F. J. Flanagan, county superintendent of schools. Flanagan said, "As far as I'm concerned, the adjournment vote has precedence."

**Want Decision**

An angry woman got to her feet and shouted above the din:

"Orville, you said in the paper a decision would be reached at this meeting. We want to make that decision."

Johann said, "I think we should all go home and think this over."

"That's what you said last time" someone shouted. (Johann had appointed three committees April 8 to investigate the tax effect the three plans would have on the district. They reported Wednesday night.)

**Question Voted**

Johann conceded, and the question was brought to a vote. In the final tally, 45 voted to build, 29 to consolidate with Appleton, and 9 to consolidate with Harrison district.

The motion contained a clause demanding the legality of the vote "be determined by the state" as soon as possible. Johann did not know who in

# Waupaca Appears to Be on Path of Tornado

**Wednesday's Twister Misses by Month Anniversary of Destructive '56 Storm**

The tornado that tore through the town of Bear Creek in Waupaca county Wednesday missed by a month and three days the third anniversary of another twister through practically the same area.

About 2:30 p.m. election day, April 3, 1956, while the attention of the midwest was centered on the terrible destruction in Berlin-Bancroft, a twister swirled to ground northwest of Manawa.

Wednesday's funnel hit first south of Manawa near Bear lake, jumped the city and crashed into a pea viney just northeast of Manawa, outside Symco.

**Heroic Teacher**

Three years ago, the Green Valley school was in the way of the tornado. Mrs. Alfred Willie, Manawa, the teacher, herded her 18 charges, 6 to 14 years old, into the basement and started praying as the twister hit.

A wall crumbled, scattering bricks, and the roof crashed down, but the heroic teacher and her pupils were safe.

At Symco, Lester Nordholz was in the rear of his meat market when the tornado struck. The 1-story frame building collapsed around him. A piece of wood struck his shoulder.

**Church Damaged**

St. Mark Lutheran church in Symco was completing the construction of a new building. The funnel touched down and scattered scaffolding and boards damaging both the new and old structures. The unused St. Mark school was lifted and dropped 30 feet from its foundation.

As in Wednesday's storm, the farm area was hardest hit, but only a few chickens were lost in 1956. Wednesday half a Guernsey herd was destroyed, with other livestock and 150 5-day - old chicks.

While the 1956 storm in the Manawa area wrought devastating damage to those it hit, it was nearly lost in the terror of the day.

**35 Killed**

Ten twisters crushed and cracked across the country leaving paths of destruction and 35 dead.

Closest to home was the tragedy at Berlin - Bancroft where the incredible swath of destruction snuffed out eight lives. So fierce was the torrent that personal effects and pieces of debris were found scattered across areas of Waupaca and Outagamie counties.

The path through Waupaca county has been a familiar one for tornadoes in the last few years. The most devastating tornado was in 1951 when five persons were killed at Waupaca and one in Sugar Bush, just over the line in Outagamie county.

In 1950 the twister struck at Weyauwega, Clintonville, on the tail end of Tuesday's tornado, was hit in 1955.

Although tornadoes are exceptionally hard to forecast on a long range basis, since they are prone to skip about the landscape, certain paths have been formed, at least statistically, and Waupaca county's central section seems to be in this path.

The Post-Crescent's reporter team in that area has had its share of experience in telling this story. The team

the "state" would determine the vote's legality.

Disagreement over the three plans was based on the effect the plans would have on district tax levies.

Total school tax levy for the district this year was \$20,900. Tuition now is paid \$11,200 for operating the 1-room school, and \$9,700 for high school tuition. There are 37 students in the school (this figure changes frequently because a large trailer camp in the district has a transient population), and 25 in Appleton and Menasha public schools. About 16 attend high school tuition for \$26,050 a year. The fourth room would be held in reserve for future expansion.

The committees reported consolidating with Sherwood school (Harrison district) would cost \$10.80 for every \$1,000 of assessed property, including high school tuition. This is \$1 less than the Red Star district paid in 1958-59.

Consolidating with Appleton would cost the district \$30,366 the first year, \$31,679 the second, and \$32,669 the third, another committee reported. The first year would include high school tuition charges for 1958-59. Tuition now is paid after the school year ends. Building a 4-room addition for \$32,500 was advocated by members of the building committee. At the highest interest rates now paid, the committee claimed it could operate three rooms of the school, retire the debt, and pay high school tuition for \$26,050 a year. The fourth room would be held in reserve for future expansion.

The new building would include rest rooms, cloak room, hot lunch room, boiler and supply rooms. Extra land would have to be acquired. Much of the land surrounding the Red Star school is owned by Reuben Stadler, director of the school board, known to oppose building. He set a \$3,000 an acre price on his property, committee members reported.

Stadler replied to charges that his price was too high by saying, "You can get land on the other side, you know. I don't want to sell."

**Menasha Possible**

Totalling the costs of the various plans for three years, property owners would pay \$42.89 a thousand for the Appleton plan, \$44.67 for building, and \$32.40 for Harrison. Consolidation proceedings also could begin by having one resident petition all of the municipal school boards involved. If Red Star were to consolidate with Menasha, a plan it did not investigate, it would cost about \$10,864 a year, including high school tuition and transportation costs, according to Menasha Mayor R. G. DuCharme. DuCharme said the city was opposed to consolidating with Red Star.

Under present state law, any resident of the school district can petition his county school committee to begin consolidation negotiations with the other county school committee involved. Either committee could defeat the plan by voting against it after a hearing.

Consolidation proceedings also could begin by having one resident petition all of the municipal school boards involved. If Red Star were to consolidate with Menasha, a plan it did not investigate, it would have to negotiate with all other districts. Every district affected must concur.

A third possibility is referendum for consolidation. All school districts affected must accepting bids until 4 p. m. May 12, for operating four substations over a 3-year period beginning July, Postmaster Francis H. Sumnicht has announced.

The contracts are given to stores to handle money orders, registry, parcel post and sale of stamps and stamped envelopes.

Contracts, said Sumnicht, must be executed by individuals, not in a firm's name.

school districts affected must concur.

# April Featured Quick Transition of Seasons

April found the Fox Cities in a quick transition from winter to spring to summer. Temperatures ranged in the high 60's from mid-month onward, an indication of the extra warm weather that came the first days of May.

The mercury, however, showed a disturbing tendency to rocket as much as 30 degrees downward during April nights, bringing the mean temperature to 44.9 degrees —

one degree above normal for the month.

**Monthly High**

A monthly high of 73 on the 15th was the warmest since Oct. 20 last year. A reading of 28 degrees was lowest for the month.

Precipitation was mostly rain, although half an inch of snow fell on the 8th. Measurable amounts of rain fell on four days. The monthly total was 3.74 inches, an inch above normal.

Heating degree day units

## Republicans Air Budget Measure

Madison —(AP)— Republicans in the senate Wednesday introduced a substitute budget bill they said will meet the state's financial obligations the next two years without increased taxes.

The GOP substitute calls for a total appropriation of \$380,619,614, or about 13 percent more than estimated expenditures for the current biennium.

First year appropriations total \$186,110,578, about \$11 million more than the amount requested in Gov. Gaylord Nelson's 1-year budget. The GOP's second year figure is \$194,509,036.

---

<p>committee representing both government parties decided March 9 to hold new general elections May 10.</p> <p><b>Seek More Influence</b></p> <p>Why vote now if both parties agree to continue after the elections where they left off before them?</p> <p>Both parties have been shuffling for position ever since their first coalition in 1945. They have tried to strengthen their own influence in the coalition and diminish that of their partner.</p> <p>In the last voting, in 1956, the peoples party won 82 seats in the 165-seat parliament—one seat short of an absolute majority—the social-</p>	<p>ists 74, the right-wing freedom party 6 and the communists 3.</p> <p>Work became increasingly difficult in the coalition in recent months because both parties claimed recent regional voting showed a trend in their favor. As neither party succeeded in convincing the other, they finally decided to call on the voters and put their claims to a test.</p> <p>Political experts expect both parties to gain votes and that the communists will be wiped out in parliament. These experts thought it unlikely the socialists would win a majority.</p>

# Railroad, Land Developer Oppose Sewer Charges

## Warn of Lawsuit Since Project 'Is of No Benefit' to Property

Neenah — Strong protests and possibility of a law suit were voiced at a hearing before the Neenah council in connection with special assessments on the sanitary sewer installed last year on Harrison and Marathon streets, south of Cecil street. The council, however, voted the assessments.

The protests were made by Karl P. Baldwin for the Baldwin company which owns an unplatted subdivision on the west side of Harrison street and south of Commercial street and by Reginald Nelson, attorney for the Wisconsin Central and Soo Line railroads.

Baldwin's assessment was about \$3,800 and the railroads were to pay \$8,630. Both said they were unable to derive any benefits from the sewer and thus should not be assessed.

Baldwin said special assessments must be according to the benefits derived from the installation, otherwise they were unjust and unfair and cannot be upheld in the courts. Not one inch of that sewer will do the Baldwin subdivision any good since none of the homes in that area will be served by it, he maintained.

# Twin City Deaths

## Cottrell Funeral

Menasha — Funeral services for Earl J. Cottrell, 66, of 205 W. Fourth street, will be held at 11 a.m. Saturday at the Laemmrich Funeral home with the Rev. John C. Hanchett, pastor of the First Congregational church, in charge. Burial will be in Oak Hill cemetery. Friends may call at the funeral home after 3 p.m. Friday.

Cottrell, who had been in poor health for a year, died unexpectedly at 10 a.m. Wednesday at the home of his brother, Fay, at 332 Second street, Neenah.

# St. Mary Choir Has New Robes

Oshkosh — The choir of St. Mary school, directed by Sister M. Carol, C.S.A., sang a mass April 26 celebrated by the Most Rev. Bishop John B. Grellinger in their new choir robes.

The 44 boys and girls from the junior high grades will again appear Saturday when they compete in the East Central division of the Wisconsin School Music association festival in Fond du Lac.

# Receives \$10 Fine For Shooting Fish

Oshkosh — James J. Jones, 23, route 1, Neenah, was fined \$10 and costs by Municipal Judge S. J. Luchsinger Tuesday morning after he pleaded no contest to a charge of shooting pike with a rifle on Slough Creek in the town of Neenah on April 10. He pleaded innocent when arraigned on April 14.

Kimberly-Clark Photo

Kimberly-Clark Corporation Wednesday began occupancy of its new 7-story warehouse adjoining its Lakeview mill, providing an additional 250,000 square feet, or about six acres of floor space. Viewing the completed building are, left to right, C. G. R. Johnson, vice president and chief engineer; Baldwin Meyer, president of Meyer corporation which built the structure; and William M. Wright, vice president of administration.

# K-C Moves Stock Into New 7-Story Building

## 250,000 Square Foot Structure Has Nearly 6 Acres of Floor Space, Big Loading Dock

Neenah — The Neenah mill of Kimberly-Clark corporation moved the first stock into the new 7-story warehouse Wednesday afternoon which marked the completion of the 250,000 square foot building.

Adjacent to a similar warehouse, the new structure has nearly six acres of floor space. On the east of the building is an extensive loading dock which permits seven trucks to load at once.

Approximately six railroad cars can be loaded simultaneously on the extension of the train shed which runs along the south side of the new building.

Ground was broken for the new structure last fall and most of the construction work was done during the winter months, which this year were unusually severe.

Attending the informal opening ceremony were C. G. R. Johnson, vice president and chief engineer; A. D. Wilkinson, vice president and director of mill operations; W. M. Wright, vice president of administration together with staff engineers, field service men, mill manager Ted Perry and his staff and representatives from the contracting firm of Meyer corporation.

# 5-Minute Limit Set on Blocking Of Crossings

## Neenah Council Approves Ordinance Calling for Fines

Neenah—Blocking of crossings by trains for more than five minutes is being forbidden by the common council which Wednesday night passed an ordinance setting fines for both the conductor or person in charge of the train and the corporation owning or operating the locomotive.

The person in charge of the locomotive, train or box car can be fined from \$5 to \$100 and the corporation owning or operating the locomotive, train or car from \$20 to \$200 plus costs.

The aldermen approved plans for the new police station and authorized the taking of bids. The bid of Webb and Son for landscaping the new west side fire station for \$441 also was granted, being the lowest of three submitted.

A petition to properly drain the ditch along the Chicago and North Western tracks between Henry and Cecil streets was referred to the health and welfare committee.

Referred to the public works committee was a petition for a street, sewer and water main installation along the west side of the slough between Sherry and Coolidge streets.

# Menasha Youth Faces Jury Trial in Iowa On Assault, Battery

Menasha — Thomas Rathner, 20, 359 Lopas street, Wednesday was bound over for jury trial in district court at Ames, Iowa, on charges of assault and battery.

Rathner and five other students of Iowa State college were arrested April 28 on complaint of a 19-year-old Ames girl who said the six the night before had subjected her to obscene language and severe manhandling.

The six will be free on \$100 bond each until their trials, requested by their attorneys. Also a defendant is Dick Pilgrim, Davenport, Iowa, last year's Iowa state shot-put champion.

Post-Crescent Photo  
Extinguishing of the Paschal Candle today, Ascension day, marked the end of the Easter season at St. Thomas Episcopal church, Menasha. While snuffing the large candle which has burned in the sanctuary, the Rev. Fr. Thomas Chafee, rector, reads from chapter 26 of St. Luke's gospel. Acolytes, from left, are John Harker, Les Perry and Louis Cornelius. In the background is the stained glass ascension window. During the 40 days from Easter to Ascension, Christ's appearances on earth are signified by the burning of the candle.

# June 3 Hearing Set For Street Extension

## Langley Boulevard Would Run From S. Commercial to Bayview Road

Neenah — June 3 was set by the council as the date for a hearing on the extension of Langley boulevard from S. Commercial street to Bayview road as it heard the recommendations of the plans commission for a major east-west street in that area.

The hearing will be in two parts, one on the part from S. Commercial to Congress street and the other on the area from Congress street to Bayview road, for which considerable opposition is expected.

The plans commission recommended eliminating an S-curve on the proposed Langley boulevard extension between Higgins avenue and Maple street by extending the street directly west from the present proposed plan for the area east of Higgins avenue.

It also recommended in a 9 to 1 vote continuing the street directly east to Bayview road. Two hearings have been held by the council and numerous street layouts proposed to the planning commission for an east-west street in that area.

## Opposes Motion

Ald. Warren Sanders, who voted against the motion for such a hearing, said he was not in accord with that recommendation. "The council can have problems in trying

Post-Crescent Photo

The new Menasha plumbing, heating and building inspector is Allen E. Merrill, 650 Appleton road. His appointment was approved by the Menasha council Tuesday night.

to open the street and in securing the right-of-way.

"There may be many objections and it may stymie the development of that area. I hope the plans commission can still work for a compromise although I understand it is difficult to get the people to agree on a plan. Langley boulevard is not needed there as a through street," Sanders contended.

Mayor Bell said there were strong reasons why it seemed unwise to continue without an east-west street in that area and City Atty. Charles Schaller cautioned that unless there was an east-west street on the official street extension map, any land developer could submit a plat for street layouts and the council would have to accept it.

Wayne G. Bryan, public works director, said there should be a street location on the map but that he had no strong feeling for any particular location.

# Neenah Collegian Named Co-Editor of Carroll Newspaper

Waukesha — Terry Tuttrup, Neenah, has been appointed co-editor of the 1959-60 Echo, Carroll college newspaper, according to an announcement made this week by Dr. Harold Eastman, chairman of the school's publication committee.

Tuttrup, a junior, is majoring in elementary education and history at Carroll. He is the son of Mr. and Mrs. Robert Tuttrup, 773 Oak street, Neenah, and a graduate of Neenah High school.

# Mayor Fined \$2 For Illegal Turn

Neenah — Making an illegal U-turn in the 100 block on E. Wisconsin avenue at 8:30 a.m. Tuesday cost Mayor Chester S. Bell, 251 E. Wisconsin avenue, a fine of \$2 and costs Wednesday. The complaint was signed by Hugh Strange, Jr., as a citizen's arrest filed with Police Justice E. P. Arpin.

Robert W. Cole, 969 Ninth street, Menasha, an industrial engineer at Menasha Woodware, is the new member of the Menasha Board of Education, appointed by Mayor R. G. Du Charme for the unexpired term of James Omachinski who resigned from the board.

# Toy Stuffing Destroyed in Factory Fire

Menasha — Half a bin of new shredded cotton stuffing for toy animals was destroyed this morning by fire, water and smoke at the Luane Kay Products corporation plant, 101 Manitowoc street.

Cause of the fire is unknown. Francis C. Faust, Oshkosh, vice president of the firm, said some new cotton material received and shredded there Wednesday may have ignited spontaneously.

Faust added that one bale was damp when received. The fire was contained in one compartment of a 2-part storage bin by Menasha firemen. Water damaged the stuffing in the bin where the fire was and may have penetrated to the adjoining storage area.

No loss estimate is available. Faust said the loss is at least partially covered by insurance. Faust said he smelled smoke when he arrived at the factory early this morning and called the fire department when he noted it was coming from the bin.

A Ten-Year Reunion will be held by Winneconne High school class of 1949 at Hotel Rault, Oshkosh, Aug. 15. Committee members planning the event from left to right are Robert Radtke, Glenn Schmidt, Mrs. Harold Nielsen, Eugene Gauerke, Mrs. Eugene Hoger and Mrs. Ralph Luedke.

## UW Specialist, Speaker At Bride Series Meeting

Oshkosh — Mrs. Katherine Bailey, home management specialist at the University of Wisconsin, was guest speaker at the third in a series of meetings for prospective brides and young marrieds at Oshkosh Vocational school Wednesday evening. Her topic was "How Many Do I Need?" a discussion of small electrical appliances.

Points to consider when purchasing the appliances are durable construction, easy operation, smooth, simple design, wattage, electrical safety and the expected use of the appliance.

The construction points were demonstrated on various appliances such as coffee pots, fry pans, electric can openers, blenders, mixers and sauce pans. Questions asked about each appliance included "does it have more than one use?" "are controls easily understood?" "is the appliance well-balanced?" "does it have an underwriter's laboratory seal of approval?" and "will there be a place to store it?"

Mrs. Bailey pointed out most appliances use 1,000 watts, thus a homemaker can use only two appliances at a time because of the high wattage.

The importance of the underwriter's laboratory standards of safety was explained. It was pointed out that appliances should be disconnected from the wall outlet first and then from the appliance. Never wrap the cord around a hot appliance.

Miss Marjorie Popke, route 5, Oshkosh, outlined plans for the last meeting in the series May 20 at Webster Stanley school. Oshkosh. "Large Household Appliances" will be the topic. Assisting with the meeting were Miss Lois Klusmeyer, county home agent, and Mrs. Jeanette Thomas, farm and home development agent.

## Church Members Plan to Attend District Parley

Winchester — Members of Grace Lutheran church will attend the Women's Missionary federation of the Eastern district of the Evangelical Lutheran church convention Monday, Tuesday and Wednesday at St. John's Lutheran church in Green Bay.

Speakers at the meeting will include Dr. F. A. Schlotz, president of the Evangelical Lutheran church; Mrs. Peter Fossum, president of the general missionary federation; and Dr. Dorothy Haas, president of the American Lutheran church women.

## K of C Plans Supper Event

Menasha — Nicolet council, Knights of Columbus, will hold a potluck supper at 6:30 p.m. tonight at the K of C clubhouse. A refreshment hour will precede the supper.

Co-chairmen are Mr. and Mrs. Ivan Stilp and Mr. and Mrs. Mose Belanger. They will be assisted by Mr. and Mrs. Ray Bradish and Mr. and Mrs. Steve Kolasinski.

John Kerrigan is refreshment chairman and Mrs. Alvin Zettel will be accompanist for community singing.

## Marriage Licenses

Oshkosh — Applications for marriage licenses were filed in the office of County Clerk Nell Hoffmann by the following:

Edward A. Magritz, 812 Otter avenue, Oshkosh, and Shirley M. Stafford, 113A W. Twelfth avenue, Oshkosh.

Wesley J. Pommerening, 34 W. Sixteenth avenue, Oshkosh and Geraldine M. Mathe, 321 Idaho street, Oshkosh.

William J. Schmidt, Jr., 900 High avenue, Oshkosh, and Marion A. Jahn, 704 Ceape avenue, Oshkosh.

William B. Reabe, Waupun, and Janet G. Roberts, 691 Franklin street, Oshkosh.

## Benefit Tea for Scout Trip to be Held at YWCA

Neenah — A Girl Scout adult tea for the benefit of the round-up team trip to Colorado Springs, Colo., will be sponsored by Neenah West neighborhood from 2:30 to 5:30 p.m. Saturday at the YWCA.

Mrs. Ronald Carter is neighborhood chairman, and Mrs. Chester Gooding, in charge of tea arrangements. Pouring at the event will be four Neenah Scouts, who will attend the round-up. They are Marcia Huppler, Kathryn Talbot, Lynn Eastwood and Linda Benoit.

Ten Twin City Scouts received library bars from Mrs. Joseph Heaton, area field director, at a Wednesday ceremony at Neenah library. Mrs. Gordon Petersen was chairman of the refreshment committee. Guests at the ceremony included Marvin Melick, Elissa D. Smith, librarian; Mrs. Clarence Bredendick and Mrs. Henry Johnson, Neenah librarians.

Scouts assisting at the Menasha library were Ruth Foster, Ellen Long and Ann Petersen. Barbara Buchanan, Jo-

anne DuChaine, Julie Wamsley, Mary Kellogg, Ann Gustad, Marcia Quade and Carol Redlin served at the Neenah library.

Twin City Senior Girl Scouts will hold their last social event, a bowling party, from 7 to 9 p.m. Tuesday at Lake-road lanes.

 Harry Witt

# 8th Graders Will Hold Dance, Party

Menasha — "Around the Grades in Eight Years" will be the theme of the annual dance and party of eighth graders at Menasha Junior High school from 7:30 to 10:15 p. m. Friday in the high school activities room.

Peter Isakson is party chairman with William Herr-bald as master of ceremonies. David VanBuskirk is chairman charge of refreshments. Clean-up is under the direction of Dennis Doverspike and chairman of decorations, Michael O'Brien. On the reception committee which will include posters de-

are Pamela Heule, Margaret Reinke, Chris Gajewski, Georgia Gajewski, Peter Isakson, Philip Strong, Robert Klapper and Dan Gressler.

## Entertainment

Representatives from three elementary schools will furnish special entertainment at 8:30 p. m. The program will be in the form of serious and humorous happenings through the various grades.

Scripts have been written by Roger Lawler, Fritz Mellberg, Michael O'Brien and Peter Sorensen, Butte des Morts school; Ken Riehl, William Herrbold and David Ross, Jefferson school; and Robert Klapper, Grant Bayer, Dan Fahrback and Philip Strong, Nicolet school.

The party is under the direction of Miss Irma Oelke, chairman of junior high school social activities. It is the last event on the social calendar.

Parent chaperones will be Mr. and Mrs. Arthur Kortness, Mr. and Mrs. George Gajewski, Mr. and Mrs. Richard Sheleski, Mr. and Mrs. Robert Schwartz, Mr. and Mrs. Fred Hollenbeck and Mr. and Mrs. Douglas Strong.

Faculty chaperones include John Novakowski, Miss Warrine Sherman, Miss Marymargaret Sauer, Harold Pelton, Kenneth Reinke, Bernard LeRoy and Miss Oelke.

A Costume Masquerade Party for children was held by Elks Ladies of Neenah-Menasha Wednesday at the Elks club. At the punch bowl with Mrs. William Farnum are from left to right, in the front row, Gale Hauser, Amy Haberman, John Sullivan, Julie Ann Noth and Bobbie Pagel. In the back row are Keith Farnum and Pat Hauser.

Pantton's Town & Country Shop — Neenah

## Group Lists Officers, Fall Plans

Menasha — Officers were elected at the Wednesday afternoon meeting of the Women's fellowship at the First Congregational church. They are Miss Barbara Thom, president; Mrs. George Thompson, first vice president; Mrs. Matt Amer, second vice president; Mrs. Ebbe Berg, treasurer; and Mrs. Hayward Biggers, secretary.

The group again will sponsor an antique show Oct. 23 and 24 and co-chairmen will be Mrs. E. W. Blohm and Mrs. Joseph Kubicka. The June 3 meeting will feature a speaker and will be open to the community.

## Women's Club Has Election, Plans Dinner

Neenah — YWCA Women's club named Mrs. William Benoit president at a Wednesday meeting. Mrs. Edward Zielow is vice president and Mrs. Robert Greenwald, secretary. Mrs. Russell Piltz will serve as treasurer.

Bridge winners were Mrs. Robert Booth Mrs. Piltz and Mrs. William Gulnerich. Mrs. Al Gross, Mrs. M. W. Batterman and Mrs. Byron Clark served on the tea committee.

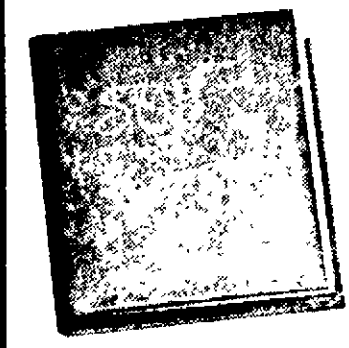

The club will hold its annual luncheon and installation of officers May 20. A bridge marathon playoff will be held May 13 and a couples bridge playoff and buffet dinner, May 16.

## Lions Auxiliary Plans Coffee Hour, Elects 4 Officers

Neenah — Neenah Lions auxiliary planned a coffee hour to be held May 16 at the YWCA at a Tuesday dinner meeting at Hotel Menasha. Proceeds of the coffee hour, 9:30 to 11 a. m. will go to the blind.

Mrs. H. Paul Jacobi was elected president of the unit with Mrs. Elmo Stenke, vice president. Mrs. Ray Cheslock will serve as secretary and Mrs. James Farnum, treasurer.

## Homemakers Give Scholarship Award

Neenah — Judy Sutherland, 18, route 3, Ripon, will receive the 1959 homemaker scholarship at the annual

Judy Sutherland

achievement program at 6:30 p. m. tonight at St. Margaret Mary school.

The Berlin High school sen-

## Marathon Unit To Hold Annual Spring Dance

Menasha — The Recreation association of Marathon division will hold its annual spring dance Saturday evening at Menasha Elks club. A semi-formal affair, the dance will begin at 9 p. m. and continue to 1 a. m.

Tickets will be sold at the door for all Neenah-Menasha employees of Marathon division and guests. Carol Gullickson and Tom Kuopper are in charge of dance arrangements. A local orchestra will play.

## Betsy Ross Club

Neenah — Betsy Ross club, Ladies of the Grand Army of the Republic, will meet at 1:30 p. m. Friday at the home of Mrs. Mabel DeLong, 812 E. Pacific street, Appleton.

## List Hints For Cooks

Neenah — Run the tip of a knife around the edge of a gelatin mold before you attempt to turn it out. It is necessary that air reach the mold before you try to remove the gelatin.

Hot orange baking powder biscuits are delicious with tea. Prepare them simply by arranging a prepared roll of biscuits on a baking sheet. Then dip a small lump of sugar in orange juice and press into the top of each biscuit just before baking.

Never put green-tipped bananas in the refrigerator. They need to ripen at room temperature. After the bananas are fully ripe, however, they may be refrigerated for a day or two.

A quick topping for spaghetti is tuna fish added to a meatless tomato sauce.

To "blanch" a food", dip it in boiling water and then plunge it into cold water.

## Service Circle Lists Donations

Neenah — Service circle of the King's Daughters announced donations for four camperships at a luncheon held the scholarship in 1953 meeting Wednesday at North

Members of the youth and Shore Golf club scholarship committee are. It was announced that Frances O. G. McSchooler, chair-ees Gilbert Junior King's man, Mrs. Robert Hathaway, Daughters circle had donated \$100 to a local charity. Proceeds of the circle's April datz, Mrs. Elmer Raehl and dance went to its homemaker service project.

## Menasha Dock Season Opens

### New Boat Bumpers Planned for Slips To Avoid Damage

Menasha — The Menasha Dock association's 1958 season has officially opened. There are 32 slips for larger craft and 18 rental tie spaces for smaller boats in several "bays" close to shore. The dock will remain lighted all season during night hours on regulation of an automatic timer. New this year will be felt or canvas bumpers on the oak uprights of the dock slips, to prevent damage to the sides of boats when they enter and leave. The Neenah boat dock at Shattuck park also is undergoing preparatory work for the season. The Civil Air patrol of Appleton has made initial contact with several boating groups in the Twin Cities as well as the Neenah police department for a cooperative effort in air-sea search and rescue work. The CAP plans to establish a two-way radio communication network to link the Neenah police department's station and police boat and other craft in this area to aid in searches for missing persons on the lake, according to Orville Prokash, Appleton, a CAP officer.

## Retired K-C Employees to be Honored at May 12 Luncheon

Neenah — The annual life member luncheon for 125 retired Kimberly-Clark corporation employees will be held next Tuesday at the sales promotion center. The life members of the main office, staff engineering, research and development, field service and Neenah mill units of the corporation attend the annual spring gathering. Kimberly mill life members hold their annual meeting at Christmas time. Fifty-six of the Neenah area group are Neenah mill life members; two are retired from the Niagara mill and 51 are former employees of the general offices. Of the 125 invitations issued, 16 members live out of the state. Corporation executives and departmental supervisors will act as the reception committee for the annual event. Special entertainment will include music by the Kimbe-laires and the Sweet Adeline chorus.

### Grade Schools Plan Concert

Neenah — "Songs of America" is the theme for the program the fifth and sixth grade chorus will present at 7:30 p. m. Friday at the Wilson school gymnasium. Miss Charlotte Roe is the director of the chorus which will present folk songs, Negro spirituals, songs of Stephen Foster, popular songs, camp songs and patriotic songs. The chorus contains 150 children from the Neenah public schools. There is no charge for the concert, for which Mrs. A. Antonissen is accompanist.

### Building Permit

Menasha — A building permit for a \$12,000 frame home, 52 by 34 feet, was issued today to William Noffke at 790 Pleasant lane. This is the 15th new home this year, compared to 15 at the same time a year ago.

## Two Neenah Wards End Cancer Drive

Neenah — Two more wards have completed their cancer drive collections. Mrs. Hugh Roberts, co-chairman reported today. The Ninth ward was the

cond in the city to be completed and \$208 was given in that ward. Mrs. Frank Wilton, ward captain, was aided by 16 block chairmen. The Fourth ward was the third to report, turning in \$218. Mrs. Emil Kollath, ward captain, was aided by 20 volunteer workers.

**3 County 4-H Meetings Set**

**Program Includes Demonstration, Speaking Contests**

**Fred Michel**

Oshkosh — Several meetings of county-wide interest were announced today by Clarence Westfahl, county 4-H director. One of these is the 4-H and FFA demonstration contest at the Omro High school agricultural building at 8 p.m. Monday.

Larry Blackburn, agriculture instructor at Berlin High school, will be the judge.

A county 4-H public speaking contest is scheduled for 8 p.m. next Thursday night at the courthouse lounge room under sponsorship of the Oshkosh Kiwanis club.

Miss Viola Hunt, child development specialist from the University of Wisconsin, will be guest speaker at the next county leaders meeting scheduled for May 18 at the courthouse. The adult and junior leaders associations are cooperating on a float to be entered in the Alice in Wonderland parade at Neenah-Menasha May 19.

**Neenah Lions Name Officers**

**Fred Michel to be Seated as President At June 6 Dinner**

Neenah — Lions club members have elected Fred Michel as president for the coming year. New officers will be installed June 16 and the yearly awards made at this meeting which will be a Ladies night dinner meeting.

The other officers are: Ed Kadlec, first vice president; Ray Meyer, second vice president; Don Harrington, third vice president; Ray Cheslock, secretary-treasurer; Don Oskar, tail-twister; Harold Metz, assistant tail-twister; Carlton Williams, lion tamer; and Joseph Heup, assistant lion tamer.

Directors elected were: Dick Leinke, Clifford Ankerson, H. R. Hollander and Don Drucks. Official delegates named to the state convention at La Crosse are: Dr. and Mrs. H. Paul Jacoby, Mr. and Mrs. Ray Cheslock, Mr. and Mrs. Ray Meyer and Fred Michel. Also attending will be Mr. and Mrs. William Fairman, Mr. and Mrs. H. R. Hollander and Keith Hollander. Fairman is an international counselor and H. R. Hollander is a district governor.

G. W. Alaridge, Neenah hospital administrator, spoke on the functions of the hospital.

**Troop 55 to Camp Out Two Nights**

Menasha — Boy scouts of Troop 55 St. Patrick Catholic church will camp out Friday and Saturday nights at Camp Cowling, six miles south of Neenah.

Some boys will hike there to meet part of their tenderfoot requirements, and others will bicycle there.

A campfire circle built last year at the camp will be used to add color to ceremonies.

Last weekend, the troop had 30 boys planting 750 pine seedlings at the camp. Now 3,000 trees have been placed by members of the troop to beautify the grounds. The last trees were planted along a drive leading into camp.

Plans were made to put reflective tape on bicycles in the Neenah area.

# Neenah, Menasha Track Men Square Off in Annual Match

## Both Teams Take Impressive Marks in Dual at NHS Track

Neenah — The Neenah and Menasha track squads will square off at 4 p.m. Friday afternoon in their annual intercity dual on the Neenah track.

Both teams take impressive records into the meet. Neenah has a consecutive skein of 21 dual and triangular wins over a 4-year span. This season it has won two of its three duals. The Rockets have won the London in 2-way meets and took triangular verdicts over Kimberly - Clintonville and Kaukauna - Shawano.

Menasha has a dual triumph over Kaukauna and a triangular verdict over Clintonville - Shawano. It placed second in the class B Ripon invitational meet Tuesday night.

Wayne Rudolf has no worse than a second in the 880 as has Paul Poellinger in the mile. Mike Lintner is unbeaten in the quarter.

Jersild has a better mark in the high jump than any of the Rocket jumpers while Neenah's Jerry Hensen has consistently been hitting 11 feet in the pole vault, much better than anything the Jays have done.

**Broad Jump**  
Hensen went 20 feet, 61 inches in the broad jump in last Tuesday's meet while Haass, Stepanski and Ristau all have exceeded 19 feet for the Jays.

The shot put features a pair of tossers, both of whom have bettered their school marks. The Rockets have sophomore Mowry Stulp, who set a mark of 47 feet, 21 inches while Menasha's "Chuck" Weber established a new standard of 45 feet, 10 inches in the Madison West relays. They also are their team's leading discus throwers.

Neenah took last year's meet 77-41 as it compiled 26 of a possible 27 points in the three distance runs and completed a grand slam in the pole vault.

Returning winners include Sobieszyk in the 100 and 220, Rudolf, 880; Quade, mile; Jersild, high hurdles; Haass, broad jump, and Hensen (tie), pole vault.

## Captures Lead in Golf League

Menasha — Taking up right where they left off last season the Resource swingers notched a 29-11 decision over Lancaster to take over first place Tuesday afternoon on the Bridgwood course where the Gilbert Paper Company Golf league race opened play for the 1959 season.

Radiance ranks second defending champion Resource by virtue of a 25-15 win over Dauntless. Old Ironsides gained third place on a 23-17 victory over Dreadnaught. In the other match, Superase and Dispatch played to a 20-20 stalemate.

Ed Bojarski of Resource topped the scorers with a 44 round, followed by Les Woelck of Radiance and Joe Nadel of Old Ironsides, each with a 47 card.

John Pinkerton of Old Ironsides was the top point-maker on the par-4, 345-yard 15th hole with 17 out of a possible 10 hole.

A camera closeup catches the sprinters just after the start of the 100 yard dash in Tuesday's triangular meet. Neenah's Tom Drews, at the far left, was the winner. Next to him are Dennis Priebe of Kaukauna and Shawano's Jim McGuire. The Rockets won 12 of 14 first places to defeat the Ghosts and Indians.

## Menasha Jays Collide With Shawano High '9'

### Both Possess 3-1 League Records; Involved in Tie

Menasha — The list of teams tied for first place in the Mid-Eastern conference baseball race will be reduced by at least one Friday when Menasha entertains Shawano in a 5 p.m. contest.

The Jays, Indians and Kaukauna all have 3-1 records while Kimberly has 2-1 with the result of its partially-played game against Two Rivers still to be decided.

Since losing to Neenah 3-0 in their opening conference game, the Bluejays have recorded successive triumphs over Two Rivers, Kimberly and New London. Menasha's overall record is now 5-3.

Shawano opened with a 12-6 points, trailed by George Pavletzke of Resource with 15. Woelckner posted a birdie-4 on the 485-yard 18th hole while Pavletzke rang up two of bingle in the sixth inning. Jerry Marohl was the losing pitcher. Menasha collected a terten points. Tropics has run in the sixth inning and 18.24, W-W Bar 17.132 and Co-tallied three in the seventh.

win over Two Rivers and after losing to Neenah 8-7, registered successive triumphs over New London and Clintonville. The Indians scored all of their runs in the top of the sixth in defeating the Truckers 7-2 last Tuesday.

Bill Krenger, a lefty, or righthander Don Spurrier is expected to pitch for the Indians, probably against Bill Prange or Tom Robinson. Both of Shawano's mounds-men are non-lettermen.

The Shawano lettermen are second baseman Loren Rouse, shortstop Harley Lyons, and outfielders Dick Frechette and Ren Ketchenago.

The Bluejays have chalked up 17 runs and 18 hits in their last two games. Leading the hit parade is outfielder-first baseman Tom Rempel, who has made six safeties in his last seven trips to the plate.

Menasha blanked the Indians 4-0 in last year's meeting as Ken Konitzke stopped the latter with one hit, an infield bingle in the sixth inning. Jerry Marohl was the losing pitcher. Menasha collected a terten points. Tropics has run in the sixth inning and 18.24, W-W Bar 17.132 and Co-tallied three in the seventh.

## Asmus Powers 816 Series in 3-Man League

### Yakes Clubs 234 Game; Hits Second Best 803 Threesome

Menasha — Harold Asmus powered a 4-game series of 816 and Bob Yakes notched a 234 game to lead the Mid-Town Three-Man Classic Bowling league in opening night action at Mid-Town alleys Tuesday night.

Other leading scores included Yakes 803, Joe Bartman 768, Bill Schink 767, Nate Miller and Harold Walsh 760, Bob Dietz 755, Bob Slack 752, the Rev. John Mirek 732, Earl Berndt 725, and "Hezzie" Lang and Jim Beisenstein 723. Lang rolled a 232 game and Miller posted 225. There were 20 games between 200 and 225. Club Terrace had a 613 game and 2,287 series. Club Terrace leads with a 19.37 P. Lang rolled a 232 game and Miller posted 225. There were 20 games between 200 and 225. Club Terrace had a 613 game and 2,287 series. Club Terrace leads with a 19.37 P.

## Plans Underway for Memorial Day Meet

Menasha — Plans are being ped the championship in last completed for the second an-year's 12-team meet. Subway nual Memorial Day softball Bar of Appleton was second. tournament which will be held Jitter and Joe's took third at Jefferson park on May 23, and Al's 215 club of Green Bay was the fourth placer. Bay was the fourth placer. Sixteen teams are expected Entry blanks may be ob. for this year's meet. tained from Bob Noeller. Among the teams expected tourney director, or at Jitter, to compete are Irene's, and and Joe's, 23 Main street, Lom's of Green Bay, Red Ar-The deadline for entries is now Club, Sheboygan; Blue next Thursday. Teams are at Ribbon Bar, Menasha; Jitter lowed 15 players on their and Joe's, and Pizza Place an rosters plus the manager. Harrison's Bar of Oshkosh. Team trophies will be. Additional entries are ex- awarded to the top four teams pected from Green Bay, Osh- with individual trophies going kosh, Manitowoc, Two Rivers, to the champion. Kewaunee, Kaukauna and Ap- Irene's of Green Bay cop-pleton.

They Went Fishing for Bullheads but Jan. 7, left, and Kim, 8, sons of Mr. and Mrs. Les Herzfeldt, 109 Irene street. Neenah, landed a 14 inch rainbow trout while fishing off the Winneconne avenue bridge over the slough last weekend.

# Railroad, Land Developer Hit Sewer Charges

CONTINUED FROM PAGE 1

break the railroad "but there are many communities in which the railroad operates."

"To assess without benefit is unfair and an arbitrary action on its face as it relates to benefits to be derived," Nel-son stated as he called it a "confiscation of \$8,630 for nothing. Reconsider this on a realistic basis," he asked.

When the resolution for the special assessment was read Mayor Bell added the as- later in the meeting. Ald- sements had been set by Warren Sanders suggested the previous administration a having the matter deferred to year ago. The council unani- a committee of the whole mously agreed to levy the re- meeting, particularly because duced assessment.

of the possibility of a law- suit.

"You already have the law- suit," City Atty. Charles Schaller replied. "This is only a reduction from the assess- ment set last year. Because, through an oversight, Bald- win had not been notified, a new hearing had to be held."

The city attorney said the assessment had been reduced because the sewer was an in- terceptor sewer, 20 feet deep and with a larger pipe than for regular sanitary sewers. It was decided since the previ- ous assessment against these properties was set there was no reason why the property owner should pay for a deep- er ditch than normal. That is realistic basis," he asked.

When the resolution for the special assessment was read Mayor Bell added the as- later in the meeting. Ald- sements had been set by Warren Sanders suggested the previous administration a having the matter deferred to year ago. The council unani- a committee of the whole mously agreed to levy the re- meeting, particularly because duced assessment.

New National Honor Society members at Neenah High school were announced Wednesday. They are seated left to right, Kathy Kruse, Maxine Roussin, Sue Frankes, seniors, and Helen Tolversen and Mary Reiersen, juniors; and standing, Naomi Stoekli, Nancy

Bredendick, Marguerite Munsche and Wayne Rudolf, seniors, Dick Wilson, a junior, David Loynd, a senior, and Judy Rogness, Karen Graversen and Elynor Evans, juniors.

## Menasha Teachers Pick New Officers

Menasha — Miss Vivian Adahl, teacher at Clovis-Grove school, Tuesday night was elected president of the Menasha Education association to succeed H. L. Sherman, vocational school director.

New officers also are William Rippl, English instructor at Menasha High school, vice president; Mrs. Blanche Gutzke, Clovis-Grove teacher, secretary, and Mrs. Kathleen Pucci, Clovis-Grove teacher, treasurer.

An entertainment program also was held at the annual MEA meeting.

## 2 Boards to Meet on Park Damage Charges

**Park, Recreation Groups Plan Policy on Memorial Building**

Menasha — The Park and Recreation boards will meet jointly at 4:30 p.m. Monday in the Memorial building to discuss alleged damage in the Smith park area on "Blue Inn" nights.

Recreation Director Robert Vanevenhoven Wednesday re-

plied to charges by Park Supt. Harry Kargus that teenagers coming to "Blue Inn" dances at the Memorial building were causing damage to the building and to the park area around it.

Vanevenhoven contends such damage has been "very light" on dance nights. He added that "damage to any public building varies according to its use. While there have been unprecedented crowds at the dances on "Blue Inn" night the amount of malicious damage has been very light. In instances where damage has been done on "Blue Inn" nights the park department has been compensated by the "Blue Inn" treasury.

Other criticisms of the Recreation department's handling of the dances hinged on the choreone requirements and the use of the Memorial building by "Blue Inn" without rental.

Vanevenhoven said the two "Blue Inn" choreones are qualified to handle the large crowds because of their training. One is a uniformed policeman. Other groups wanting to use the Memorial building must have one choreone for every 20 attending their functions, unless the "Blue Inn" choreones are engaged.

The Recreation department has reorganized and now controls the "Blue Inn." Thus the teenage group is a part of the city's recreational program, Vanevenhoven explained.

## Pays Damages for Chrome Coat Hook

Oshkosh — Joseph Lewandowski, 21, route 1, Menasha, a student at Oshkosh State college, paid damages for destruction of a chrome coat

## Commercial Zone Asked For Property on Hi. 41

Neenah — Rezoning from residential to commercial of a strip of property along the Highway 41 right of way in the Gillingham farm plat was requested of the common council Wednesday night by Fairm, Inc., developers of the plat.

The request was referred to the plan commission. Gaylord C. Loehning, attorney for the developers, explained this morning that part of the property has been planned for a small hotel and that it was desired to have the section along the highway zoned for commercial for future possible use.

The property involved includes 31 platted lots and an unplatted area of about 4 acres.

A light industrial classification for property adjoining and opposite the Charles Ox-

ley sheet metal firm on Jackson street was approved by the council Wednesday at the recommendation of the plans commission. It had been zoned for 2-family use. Overly plans in addition to his shop and the use of the structure for the street for parking.

At the 10 o'clock meeting of the plan commission, a plat of lots on the east side of S. Paul ave. across from Graham corner was voted.

The council voted to advise the state highway commission of the plat and to allow the plat to be used for parking.

A light industrial classification for property adjoining and opposite the Charles Ox-

# Blahnik Grabs Four Firsts in Lawrence Win

Vikings Rout Tech, Meet Ripon Saturday

The Lawrence college track team warmed up for its big meet with Ripon here Saturday afternoon by overwhelming Michigan Tech, 101-30, at Whiting field.

Led by a tireless Joel Blahnik, the Vikes won 13 of the 15 events and tied for first in another. The only first for the outclassed visitors came in the pole vault — and that, oddly enough, was won in "slam" proportions.

Blahnik clicked off four firsts and a second in his standout performance. He dominated both the 100 and 220 yard dashes and both hurdles events. The Green Bay junior placed second to teammate Gary Scovel in the broad jump.

Score 4 Slams Scovel, who tied for first in the high jump with two Michigan Techmen, was the only multiple winner in addition to Blahnik.

In their first dual meet appearance (and first home appearance) of the season, the Vikes swept all three places in four events—the mile, the 880, the 220 and the low hurdles.

Among Vike athletes who came up with bests of the season in their specialties were Gil Sutherland, with a shot put of 47 feet, 4 1/2 inches, and John Ross, with a 52.7-second quarter mile.

Dave Mulford and Tad Pinkerton, who won the 880 and mile, respectively, teamed with Ross and Ron Traver to win the mile relay handily in 3:38.5.

The Lawrence - Ripon meet Saturday will be run on both the varsity and freshman level.

Turn to Page 15, Col. 3

## Optimists Plan Knot-Hole Club

The Appleton Optimist club will sell knot-hole club memberships between 9 and 11 a.m. Saturday at the Appleton Police station.

Three hundred buttons will be available for Fox Cities boys and girls, at a cost of 10 cents apiece. The buttons will admit members to all Fox Cities Foxes Monday night home games this season.

## NOTES and NOTIONS

"They never would have taken his title away if he weren't a Negro. They wouldn't have done it if he were a white boy." This ill-advised remark came from George Gainford, manager of Ray Robinson, in a television interview at the time the National Boxing association stripped "Sugar" of his title. It would be difficult to get much farther from the truth. No other activity can match athletics in giving the Negro his long-overdue opportunities and recognition. Compared to the enlightenment of sports, some of the other spheres of human endeavor are still in the stone age when it comes to racial matters.

Color had nothing to do with the NBA's getting fed up with "Sugar's" title defense procrastination. It's only because he has been such a outstanding champion that he has gotten away with delays, exorbitant demands and other whims in the past. We have nothing but admiration for Robinson as a fighter. Among modern-day boxers, he's in a class by himself—and it's always a pleasure to see him in action. But, no man is bigger than the sport—whether it's boxing, baseball or anything else—and maybe this move by the NBA will bring "Sugar" back to earth.

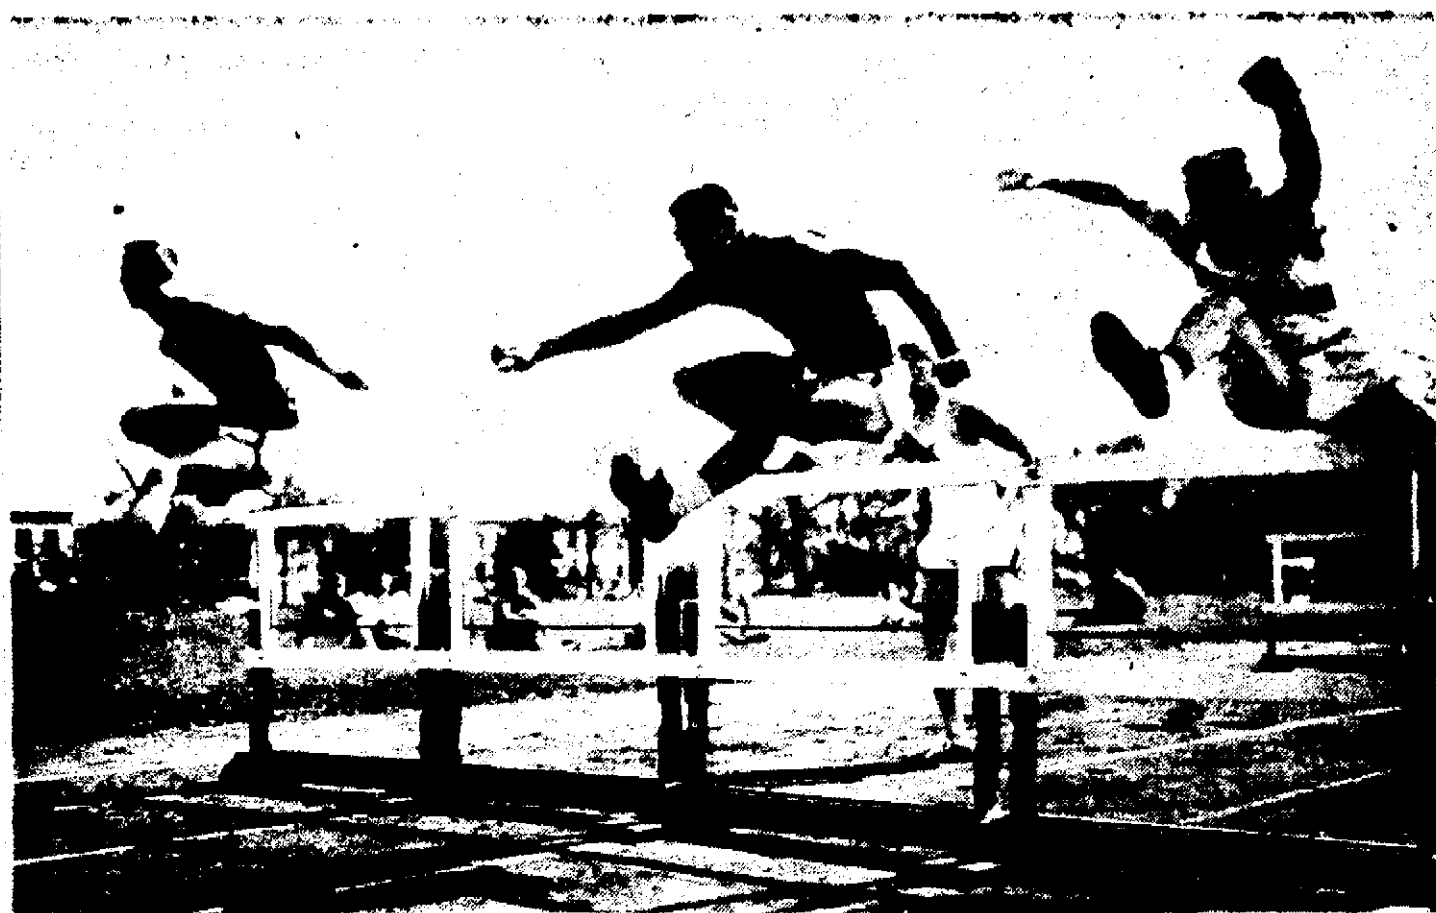

The unwavering loyalty of Green Bay Packer fans comes pretty close to ranking as the eighth wonder of the sports world. Despite the team's worst field performance in history last year, the season ticket sales for '59 are going better than ever before. Though Packer Backers were free with the criticism over last fall's bad showing—and much of it was deserved—they've been equally free with the checkbook in these vital pre-season months. The sale, which has already reached 23,000 season tickets, is 10 per cent ahead of last year's pace. It is considered conceivable that the pre-season sale could hit 28,000 or even more.

Pro tennis players are about the touchiest athletes we've encountered. Last Friday at Alexander gym they were ready to belabor officials at the slightest provocation or imagined shortcoming. "Pancho" Gonzales was the edgiest, but the other three had their moments, too. It's true the linesmen didn't always make their "out" calls loud enough, but then they haven't been performing the job as regularly as the pros have been playing. Mark Catlin, Jr., as the umpire, handled his sometimes-delicate assignment very ably.

The tennis itself was high class, and Hugh Strange and the others of the Neenah Racquet club deserve plaudits for arranging the appearance of the world's best. It was a bit unfortunate from the promotional standpoint that a freely-televized heavyweight championship fight weighed in as competition. The troupe brought its own portable indoor canvas court. It has four such courts in various parts of the country and the one nearest the point of the next engagement is shipped in.

Carlos "Potato" Pascual has been a great comfort to his fellow Cuban, Zolo Versalles in "Zorro's" time of grief. Not only did Pascual give the 18-year-old youth

Turn to Page 14, Col. 6

Racing to Victory in the 120-yard high hurdles event Wednesday is Lawrence college's Joel Blahnik, left. The second and third place finishers were Lawrence's Gary Scovel (center) and Michigan Tech's Jack Crawford. Blahnik was a 4-time winner in the Vikes' easy meet triumph.

# Chiefs Hand Foxes Sixth Loss in Row

Al Brice Blanks Fox Cities on 4 Hits, Strikes Out 12; Griffith Faces Lincoln Tonight

BY MIKE DREW Post-Crescent Staff Writer

The reeling Fox Cities Foxes used a new method to prolong a distressingly bad habit of theirs Wednesday night.

In collapsing, 3-0, before the Lincoln Chiefs at Goodland field, the Foxes were being shut out for the first time this season. But, losing was nothing new—it was the Foxes' sixth straight setback after two opening victories. The Foxes sank deeper in the three-1 league cellar while Lincoln gained a third place tie.

Big right-hander Al Brice

stuffed the Foxes on four hits, two of them infield "bleeders." Brice, who had copped a 1-hit victory over Green Bay in his only previous decision, fooled 12 of the Foxes for strikeouts Wednesday.

Pitch Creditably Fox right-handers Jim Shrode and Lee Stange also shut out for the first time this season. Starter Shrode allowed the game's lone earned run in his 5-inning stint, on five hits and four walks.

Stange gave up just three hits and an unearned run in the final four frames, whiffing five Chiefs and yielding just one (intentional) walk.

A 25-mile-an-hour wind and temperatures in the 40s worked to the pitchers' advantage Wednesday. The inclement weather held the crowd down, too. Paid attendance was announced as 923, but over half were probably children who were admitted for 10 cents.

Tonight, Fox Cities Manager Jack McKeon sends Dick Griffith (1-1), against Lincoln in the series finale. Another southpaw, Phil Groth (1-0) will toil for Lincoln.

Well - Played Wednesday's affair was well - played, especially considering the adverse weather conditions. Though they've won just two of eight, the Foxes have yet to take a shellacking. All six of their setbacks have been by four runs or less.

Four of the Foxes, in particular, had their troubles with Brice. Right fielder Don Williams struck out four straight times, Ronnie Siquinfield and Billy Hubbard whiffed three times and "Chuck" Weather-

Turn to Page 15, Col. 2

## Youngsters Cause Damage at Goodland Field

Boys in the 10-13 age group caused property damage and created considerable disturbances at Goodland field during Wednesday night's Fox Cities-Lincoln baseball game, according to E. W. Grover, Appleton Recreation department director and supervisor of Goodland field.

Among other things, a drinking fountain was damaged, plumbing in the men's room was tampered with and sand was thrown in the visiting team's dugout.

Grover said that most of the offenders were boys at the game without their parents. He said that if this kind of trouble continued, it might be necessary to ban youngsters from the ball game when not accompanied by adults.

## 3-1 League Standings

	W	L	GB		W	L	GB
Gr. Bay	4	2	—	D. Moines	4	4	—
Burlington	4	3	—	Sioux City	3	4	—
Lincoln	4	3	—	W. Rapids	3	4	—
Topeka	4	3	—	ION. C.	2	6	—

Wednesday's Results: Lincoln 3, Fox Cities 0. Cedar Rapids 7, Des Moines 3. Burlington 3, Sioux City 1. Topic 4, Green Bay, postponed.

Tonight's Games: Lincoln at Fox Cities (Goodland field, 8 p.m.) Topic at Green Bay. Sioux City at Burlington. Des Moines at Cedar Rapids.

Lawrence College's Dave Mulford, Ron Traver and Tad Pinkerton—in that order—head around the first turn during the half mile run in Wednesday's Viking-Michigan Tech track meet at Whiting field. An unidentified Tech man runs fourth. Mulford won the event, with Pinkerton finishing second in front of Traver. The Vikings won the meet, 101-30.

## Valley Fair Nine Slates Practice

Appleton's Valley Fair baseball team has a practice scheduled for 6 p.m. today at Roosevelt school.

Anyone who is interested in playing on the team should report according to Gene Kloes, manager.

# Braves Top Dodgers In Second Marathon

Covington's Pinch Single Wins 3-Hour, 7-Minute Game, 5-4; Aaron Boosts Average to .494

Milwaukee —(AP)— The Milwaukee Braves took a well-deserved rest today after pulling out two victories over the Los Angeles Dodgers in a couple of tension-filled games within 24 hours.

The break in the schedule could come at a better time for the Braves, who launch a 4-game series with the heavy-hitting Cincinnati Reds Friday night.

The Braves, carried 16 innings before edging the Dodgers, 3-2, in a 4-hour, 47-minute marathon Tuesday night, came back for a 5-4 triumph in a 3-hour, 7-minute struggle Wednesday.

Rookie right-hander Bob

Giggie picked up his first major league victory as Milwaukee rallied to edge Los Angeles in the series windup. Giggie hurled hitless ball in the seventh and eighth innings and Bob Trowbridge finished.

Milwaukee Manager Fred Haney employed 19 players in a typical Braves - Dodgers game. The Braves outthrew their rivals from California by a 12.5 margin, but left 13 runners stranded.

Eddie Mathews and Johnny Logan each collected three hits, while Hank Aaron had 2-for-3, plus two walks, to boost his average to .494.

Run in 2nd

The Braves picked up a run in the second on singles by Logan and Andy Pafko and an error, but the Dodgers struck back for four in the fifth when starter Joey Jay lost his stuff. Bob Buhl finally put down the uprising. The Braves pulled to within one run, 4-3, on singles by Mathews, and Aaron, a walk to Joe

## Musial's First Homer Helps Cards Win

Edge Phils, 8-7; Hillman's 2-Hitter Blanks Pirates

By The Associated Press

Ever wonder just how important 1-run defeats can be in a pennant race? Ask Solly Hemus. With-

out 'em, his St. Louis Cardinals could be first in the National league. With 'em, they're last. Don't shrug it off. Sure, Los Angeles, Philadelphia and Pittsburgh could be leading the league, too, by reversing their 1-run losses. But the weight of those lone-run de-

run, 4-3, on singles by Mathews, and Aaron, a walk to Joe Cardinals. St. Louis has played 22 games. Half of them have been decided by one run. They've been handed half of their 16 defeats by that margin, and have gained half of their six victories the same way.

The Cards gave Hemus, their rookie manager, a tough time again Wednesday night, coming from behind with four runs in the eighth that proved just enough for an 8-7 victory at Philadelphia. They had lost

## Two More Rookies Sign With Packers

Green Bay—(AP)—The Green Bay Packers announced today the signing of halfback Leroy Hardee of Florida A. and M., and quarterback Bob Laraba of Texas Western to National Football league contracts.

Hardee was selected on the Pittsburgh Courier Negro All-American team last year. He is a 6-footer who weighs 180. Laraba is 6-2 and weighs 195. Coach Vince Lombardi said he plans to use Hardee on offense and Laraba as a defensive back.

**Garment Workers Agree on Pact**  
 New York — The International Ladies Garment Workers union has reached an agreement with the women and children's coat and suit industry covering 50,000 workers.  
 The new agreement announced yesterday, provides for no new pay increases, but does provide new benefits effective June 1 there will be an employer-financed severance pay fund, holiday and overtime pay for piece workers, and continuance of an escalator clause providing wage increases pegged to the cost-of-living index.  
 Union President David Dubinsky said the union did not seek higher wages because the workers received an increase a year ago, under terms of the old contract.

This Deep-Dish Cherry pie is prepared easily with canned tart cherries, sugar and spice. It's a favorite dessert with the men in the family.

**Prices Constant**

**Turkey Good Buy In Fox Cities Stores**

Fox Cities food prices have remained steady. Slight dips in pork and egg prices have occurred but little other change has taken place. Eggs are listed by some grocers at 37 cents a dozen although the prevailing price remains 39 cents. United States department of agriculture experts recommend that eggs be purchased now and that housewives plan egg based meals.  
 The big news on the meat shelves again is poultry—this time turkeys. Some butchers are selling turkeys for 35 cents a pound. It is of good quality and the price can be obtained in weights of 4 to 10 pounds just about right for a large

Sunday dinner for the average-sized family. The fowl that has consistently been a bargain this spring is still a bargain. Fry-ing chicken ranges from 33 to 39 cents a pound. Ham and pork are the best staple meat buys. Ham is economically priced at 55 cents a pound. Short shanks can be obtained for 39 cents. Pork chops range from 75 to 79 cents a pound. Pork loin 45 to 59 cents, and pork are selling turkeys for 35 cents a pound. The meat is of good quality and the price is fair. Spare ribs are considered a good buy at 53 cents a pound.  
 Beef prices are: cube steak, 89 cents, round steak 89 to 95 cents, T-bone, \$1.35, porterhouse \$1.25, rib steak, 69 cents, sirloin steak 89 cents, rump roast 95 cents, chuck roast, 69 to 85 cents, pot roast 39 cents and ground beef, 55 cents (a special on some counters).  
 Lamb and veal prices include lamb chops 73 cents, veal cutlet, \$1.15. Some good bacon is available at 55 cents a pound.  
 The big news on the fruit shelves is early spring strawberries. Quality is much improved over last week, but prices remain high. A quart of strawberries is 39 cents at some outlets. At others, they are higher.  
 Melons Here  
 Cantaloupe and honeydew melon are available at 39 cents each.  
 Apples still are available thanks to new storage techniques and prices generally are considered fair although apples are not considered a good buy at this season. McIntosh are 20 cents a pound. Delicious 23 cents, from onions, 10 cents a bunch. 12 to 16 cents. Sweet corn, 78 cents a dozen ears as last week. Grapefruit are

**Deep-Dish Cherry Pie Ever Popular**

Although desserts made with cherries usually are served more often during the fresh cherry season, you needn't deprive your family of these delicious fruit desserts. They are easily prepared with canned cherries.

Here is a recipe for the ever popular Deep Dish Cherry Pie.

- Deep Dish Cherry Pie**  
 3 tablespoons quick-cooking tapioca  
 1 1/2 cups granulated sugar  
 1/2 teaspoon salt  
 1 teaspoon cloves, ground  
 1/2 teaspoon cinnamon  
 2 cans (No. 2 size) sour pitted cherries  
 2 tablespoons butter  
 1 recipe pastry  
 Combine all ingredients. Line a baking dish with pastry. Fill with cherry mixture. Cut 1-inch strips of dough and place in diagonal fashion across top of filling. Bake at 425 degrees for 45 to 50 minutes.  
 Variation: Use one-half teaspoon nutmeg instead of cloves.

# Century-Old Dream Comes True for Ashland Residents

BY NORRIE SWANSON

Ashland — For 100 years Ashland has dreamed of the deep waterway

Now that the St. Lawrence seaway is a reality the city is in the midst of considering purchasing the piling of an abandoned Chicago & Northwestern ore dock and taking steps toward erection of a municipal pier there

There is a conviction among Ashlanders that the deep waterway is going to have an important effect on the future of this port, which is acknowledged to have one of the finest deep water harbors not only in the midwest, but in the world

Serves Twin Cities

Older Ashlanders expect docks to the Twin Cities could be fast and effective

Ashland has five railroads and is the hub of an area that can be served effectively by lake vessels. Its iron ore shipments are several million tons a year

The Apostle Islands, 22 in number north of Ashland, provide a vast harbor of refuge for deep water vessels

— enough water to harbor the combined navies of the entire world

Hearing in 1918

A deep waterway hearing at Ashland June 9, 1918 — over 40 years ago — gives a clear and accurate picture of the possibilities of Ashland harbor.

Here is a brief quotation from the record of that hearing

"A meeting of the International Deepwater commission was held at the courthouse at Ashland June 9, 1918

"It was at that hearing that Chequamegon bay was pronounced to be the finest harbor in the world"

Other officials down through the years have linked Ashland, know of none of such size down through the years

Australia, as the three finest harbors in the world

"State Sen. A. H. Wilkinson of Bayfield stated that the St. Lawrence deep waterway project is at least 60 years old"

Talked of Canal in 1857

This means that as of today, 41 years after this state-enactment by Sen. Wilkinson, the project is now over 100 years old

Sen. Wilkinson (in 1918)

told how William F. Dalrymple, owner of the largest wheat farm in the United States, conceived the idea of building a canal to the ocean down the St. Lawrence, and constructing feeder railroads from Chequamegon bay

Wilkinson said that Mr. Dalrymple worked from 1857 until his death in 1901 in behalf of this St. Lawrence project

"Commissioner H. S. Powell of New Brunswick ques-

tioned Guy M. Burnham, collector of the port of Ashland who described the bay on which Ashland, Washburn and Bayfield are located

"At the conclusion, Mr. Powell remarked: 'Do you know, sir, that you've got the finest harbor in the world?'

"I know of none of such size down through the years

BPW Officers to be Seated Monday

Kaukauna — Dr. Helen Calmes, Appleton, former state vice president and chairman of the health and safety committee of the Business and Professional Women's club, will be guest speaker and install officers at a meeting of the local BPW at 6:30 p.m. Monday at the Fox Valley Golf club

Mrs. Harold Feller, chairman of the health and safety committee, is making plans for the program

Women unable to attend are to call Miss Alma Renn by Friday and those needing transportation are to call Miss Clara Zeitler

and accommodations on any sea

"Mr. Burnham said a tug cannot live on Chequamegon bay, because all vessels travel on their own power to the docks"

Because of its heavy shipments of iron ore from the Michigan, the harbor tonnage of Ashland harbor has acquired a commanding position

down through the years

Safety Unit Gives Board Suggestions

Seeks to Improve Street Corner At Little Chute

Little Chute — Recommendations for safety improvements at Depot street and Main avenue have been made to the village board by the local safety committee

The recommendations included the prohibiting of parking at the corner where visibility is limited because buildings are close to the street

It was recommended the street department use white paint at crosswalks on Main avenue since it is required on a state road. In the past yellow paint has been used

The committee also said that when parking stalls are painted on any streets they should be the proper distance from all intersections. Law requires stalls to be 15 feet from a crosswalk.

Postmaster Nomination Sent to Senate by President Eisenhower

Little Chute — President Eisenhower has sent the nomination of Norbert Kilsdonk, 918 Depot street, as postmaster for the local post office to the senate for approval

Kilsdonk, acting postmaster, was named to the position on Feb. 27. He succeeded Van Wymeren who resigned

Street Commissioner Eugene Hietpas suggested the date in order for the street department to complete work at the park

Hietpas said the department currently has equipment at the park because a hill is being removed

Other work underway includes the painting of facilities and setting up of equipment. Grass has been seeded in spots and needs a chance to get started, the commissioner said

Kaukauna — Charter member night will be observed during a meeting of the Kaukauna-Little Chute SPEBSQSA chapter at 8 p.m. Monday at St. John social room, Little Chute.

Special honors will be given the 25 members who helped organize the group in 1953

Open to members and their wives, a dance and entertainment will follow the business meeting.

Sunset Point Park to Open at Kimberly May 16

Kimberly — May 16 has been set as the opening date for Sunset Point park by the village board.

Street Commissioner Eugene Hietpas suggested the date in order for the street department to complete work at the park

Hietpas said the department currently has equipment at the park because a hill is being removed

Other work underway includes the painting of facilities and setting up of equipment. Grass has been seeded in spots and needs a chance to get started, the commissioner said

# District Award Received by SPEBSQSA

## Club's Achievements Result in Honor for Second Straight Year

Kaukauna — For the second year in a row the Kaukauna-Little Chute SPEBSQSA chapter won the Land-O-Lakes district achievement award for Class B chapters, cities with under 20,000 population.

The award was announced at the annual convention in Duluth, Minn., over the week-end. Based on activities of a chapter from April 1, 1956, to March 31, 1959, the local unit completed 2,880 points, second only to the Minneapolis unit which won the Class AA award with 3,427 points. Class AA is for cities over 100,000 population. Milwaukee was second in Class AA with 2,106 points and St. Croix Valley was second in Class B with 1,776 points.

The chapter received the George K. Hood traveling trophy donated by West Bend-Barton chapter in 1953. Russell Johns, local delegate, accepted the award.

## Other Honors

Joseph Loberger, Appleton, was elected Area 5 counselor to succeed Johns. This area includes chapters in Appleton, Green Bay, Kaukauna-Little Chute, Oshkosh and Sturgeon Bay. Frank Hermesen, Little

Chute, was appointed membership chairman for the district which covers the states of Wisconsin, Minnesota, Upper Michigan, North Dakota and Canadian provinces of Saskatchewan, Manitoba and part of Ontario.

Johns, Kaukauna, was named vice president of Region 2 which includes the local area, Ishpeming, Marquette, Marshfield, Stevens Point, Wisconsin Rapids, Escanaba, Marinette, Abbotsford, Merrill and Wausau.

## St. John Prom Friday Night At Little Chute

Little Chute — "Blue Hail" is the theme of the St. John High school junior prom Friday night in the school gym.

Reigning over the dance will be Queen Sheila Schinke and King Robert Diedrich. Members of the court are: James Wildenberg and Kathleen Vanden Burgl, David Koss and Janice Liebergen, Roger Hermesen and Patricia Romenesko and Harland Hietpas and Judith McCormick.

Tony Neelsen and Sanja Van Domelen are co-chairmen. Committees include: David Felzer, Harland Hietpas, Carol Jansen, Roger Hermesen, Charlotte Nelson and Tim DeGroot for decorations. Judy Jansen is in charge of refreshments, Judith Pfeffer, programs and Mary Ann Voster and Betsy includes chapters in Appleton, Green Bay, Kaukauna-Little Chute, Oshkosh and Sturgeon Bay. Frank Hermesen, Little

Looking Over the Program for the annual father-daughter banquet for Girl Scouts at Little Chute are, left to right, the Rev. James Feely, chaplain; Edward Spierings and his daughter Helen, Mrs. Clara Rutten, scout leader and Richard Vander Wyst.

## Lions Schedule Auction to Benefit Charitable Programs

Kaukauna — The Lions club is sponsoring a combination sale and auction at the American Legion clubhouse on May 16 and 17. All proceeds to be used for Lion charities.

The Lions provide aid and benefits to the blind on the local, state and national level and have contributed financially to grade school recreation programs at all city schools. The American Legion is donating the clubrooms.

Plans call for the items to be on display during the afternoon and evening of May 16 with persons able to purchase items at the time. Items not sold will be sold at auction on May 17.

Items to Donate  
Persons are being asked to check basements, garages, attics and store rooms for usable or salable items to donate to the Lions. A solicitation committee will be appointed later for persons with items to contact for pick-up.

The Lions indicated they would not move pianos to the Legion clubrooms but would attempt to sell pianos which might be donated and have the purchaser pick up the item at the donor's residence.

Serving as co-chairmen are Arthur Mongin, Jr., Joseph Sadler and Martin Janssen, while Lamers hit a 624 series. Al. F. Mayer is chairman of the property committee and 272 pins.

George Greenwood is chairman of auctioneering.

Julian Biehler and Leo Eimmerman will head the building and grounds committee. James Lang has charge of publicity and Richard Kuehn will head the solicitation committee.

## Junior Girls Named Ushers For Graduation

Kaukauna — Eight junior girls at Kaukauna High school have been selected as ushers for class night and commencement exercises later this month.

Handling ushering duties will be Mary Ellen Regenfuss, Janet Spice, Florence Huss, Nancie Noie, Jane Barriereau, Eileen Mooney, Nancy Ott and Charlene Donnermeyer.

## Area Men Win Doubles In State Elks Bowling

Kaukauna — Mark A. Nagan, Kaukauna, and Jerry Lamers, Little Chute, teamed the purchase pick up the item at the donor's residence.

Serving as co-chairmen are Arthur Mongin, Jr., Joseph Sadler and Martin Janssen, while Lamers hit a 624 series. Al. F. Mayer is chairman of the property committee and 272 pins.

## Eagles Plan to Honor Mothers

### Saturday Program Limited, Phil Bigley Guest Speaker

Kaukauna — A Mother's Day program will be sponsored by the Kaukauna Eagle Aerie 1416 at 7 p.m. Saturday at the 1st land street clubrooms with Phil Bigley, Viroqua, Wis., vice president of the state organization as guest speaker.

He recently toured South America with the International Seminars to interchange political, economic, social and cultural ideas in foreign countries. His talk will be on the tour and current objectives and programs of the Eagles.

A cocktail hour from 6 to 7 p.m. will precede a chicken dinner. Due to limited facilities, 60 tickets will be sold on a first come, first serve basis. Cost of the program is \$1.

### Reservations

Advance registrations can be made by calling Orry Schmalz or Leroy Schuh, co-chairmen, or Robert Vander Velden, secretary, or Clarence Sullivan, president. Assisting the co-chairmen are Henry Hubert and Joseph Hoffman.

The event is held annually as the Eagle organization was one of the pioneers in establishing a national observance of Mother's Day. The Eagles calendar carried a Mother's Day two years before congress provided for a national observance.

## 28 KHS Youths To See Weekend Grid Contests

Kaukauna — Twenty-eight Kaukauna High school football players will attend the annual University of Wisconsin varsity-alumni football game at Madison Saturday afternoon and in the evening will witness the intra-squad football tilt at Marquette University.

They will be guests of the universities. The Kaukauna garages were issued to Har-

old Wierschke, 409 Cleveland avenue; Joseph A. Vanden Heuvel, 134 Willow street and George Vander Velden, 618 Park avenue.

Thursday, May 7, 1959 Appleton Post-Crescent 66

## Committee Chairmen Named By VFW Auxiliary President

Kaukauna — Committee chairmen were appointed and two elected officers installed at a meeting of the Veterans of Foreign Wars auxiliary. Mrs. Edward Matchett, installing officer, installed Mrs. Arden Walker as color bearer and Mrs. Robert Hoehne as musician. Chairmen appointed by the president include Mrs. Ben Ives, community service; Mrs. William Koch, rehabilitation; Mrs. Ellen Streich, Mrs. Arden Walker and Mrs. Edward Lindberg, sunshine; Mrs. Edward Matchett, cancer research; Mrs. Margaret Miller, public relations; Mrs. Thurston Lambie, legislation; Mrs. Art Kromer, Mrs. Ellen Streich, Mrs. William Koch and Mrs. Ben Ver-

hagen, kitchen, and Mrs. Gertrude Arnoldussen, youth activities. Others appointed were Mrs. James McDaniel and Mrs. Fred DePatie, poppy; Mrs. Edward Matchett, national home and hospital; Mrs. James Kelly, Americanism; Zeeland, all adults. The boys will return home Saturday night.

A donation to the American Legion poppy drive was approved and plans discussed for the election of district officers at the Eighth district convention in Oconto.

Card winners were Mrs. Arden Walker, Mrs. Arthur Kromer and Mrs. Art Kromer. Members of the serving committee were Mrs. William Koch, Mrs. Rose Kloehn, Mrs. Wilbur Osburn and Mrs. John Vandenberg.

### Soup with REAL CHICKEN-Y FLAVOR

The secret's in the GOLDEN NUGGET

# Lawrence Says: Mobile Forces May be Ready To Deter Reds

Soldiers in Europe  
Discuss Methods  
To Halt Communists

BY DAVID LAWRENCE

Paris—The military men stationed here do a lot about the next war. But oddly enough, they don't always consider it the same war. There is ever present the thought of a nuclear war, which presumably would be decided in a brief period.

Then, there's the concept of a limited war which might not lead to a general war but which, if bungled through lack of adequate preparation, could plunge the world into a nuclear holocaust, whereas proper measures taken in advance could act as a deterrent power.

But there's a third contingency about which relatively little has been said in print. It involves such action as was taken by the United States last year when marines at-

tached to the sixth fleet and some army units were landed in Lebanon. This did not involve the forces of the North Atlantic Treaty Organization, but was solely an American action.

Supposing, the U. S. for reasons of its own should wish to provide a military demonstration either in the Middle East or in southeast Asia where the Soviets, through their infiltration technique, had virtually taken over a small country. The Russians theoretically would not themselves be a belligerent but, for all practical purposes, would be testing the retaliatory power of some western country like the United States. With what military forces would the U. S. counter such a move?

This question is widely discussed nowadays among the marines stationed in Europe, who look back to a long history in which emergency use has been made of their corps. The answer is not new. The usual problem heard is that this is what the Strategic Army Command, (STRAC) is intended to handle.

**Practical Difficulties**  
But there are some practical difficulties. The various divisions constituting STRAC are stationed in different parts of the U. S. They would have to be flown to a trouble area. This means adequate transportation for the troops and a continuous supply line thereafter. The point is made that no such provision for transportation by air has yet been made.

Even granting that there are enough cargo planes to maintain the supply line, how can objections of a political character would be overcome.

New Officers of the Appleton Downtown-Retail association are greeted by outgoing chairman Fred Eustice, left. They are Richard Prenger, vice-chairman, and A. M. Diedrich, chairman. Absent were John Losselyong, re-elected treasurer, and Giles Flanagan, secretary.

One is that flights over various countries require permission. This can involve protracted discussion at a critical time and perhaps a refusal of such permission.

Another difficulty is that NATO has been governed by the principle that forces or supplies must not be withdrawn by its members for their own national purposes. The reaction to the recent withdrawal by France of a part of her Mediterranean fleet which had been integrated into the NATO sea forces is an example of the kind of protests that could arise.

**Hints Disfavor**  
Certainly NATO would not look with favor on such a project, and the only certain way that the U. S., either alone or in association with another ally, could act would be to have forces available that are independent of NATO, as was the case in the Lebanon and Jordan episodes in the summer of 1958.

All this means that the communists could exploit the military situation in the Middle East. There would be no way for the U. S. and another ally to handle this problem expeditiously. Yet an emergency of this kind in a local area could bring on the first stages of a limited war and find the western allies militarily unprepared to meet it.

It is being suggested that a mobile force—consisting of U. S. Army and Marine forces fully equipped for such tasks and supplied at first by air and later by sea—should be set up for the specific purpose of dealing with communist infiltration in areas where the constituted government invites help from western governments, as was the case in Lebanon.

The whole idea is not merely to confront the communists with a potential deterrent by the NATO shield and other armament in western Europe but to take into account protective measures against the wider range of communist military activity in North Africa, the Middle East and Southeast Asia in what is euphemistically termed the cold war.

(Copyright, 1959)

## Village Gets Check For Insurance Refund

Kimberly — The village has received a check for \$1,026.96 as its share of the 2 per cent fire insurance refund.

Last year \$963.74 was received.

## Brownie, Girl Scout Troops Plant Shrubs At Parochial School

Kaukauna — Rose bushes and bitter sweet were planted around Holy Cross school Monday by members of Girl Scout troop 19 and Brownie Scout troop.

Plans call for planting evergreens and other items in the future as part of the Girl Scout training in community service.

## Police Chief Warns Against Fireworks Sale

Kaukauna — Harold V. Engerson, chief of police, issued a warning to businessmen about the sale of firecrackers and other devices after complaints some youths were observed using fireworks in the city.

Business establishments may sell caps, sparklers and snakes but other fireworks are against the law. Persons selling or using these illegal items are subject to prosecution and will be arrested, warned the chief.

Stressing the danger in using fireworks, the chief asked parents to cooperate by warning youngsters against purchasing these items.

## Summer Science Grant Awarded KHS Instructor

Kaukauna — Roy Wentzel, chemistry and science teacher at Kaukauna High school, has been named recipient of a 6-week summer scholarship award from the National Science Foundation.

The instructor will take an 8-credit course in chemistry at Ripon this summer. He had his choice of two colleges but selected Ripon as it is nearer home.

The foundation sets up a program of scholarships for instructors in science and selection is based on qualifications after interested persons submit applications.

## St. Mary School Schedules Graduation

Kaukauna — Graduation for St. Mary school will be May 31. A mass for the graduates will be held at 8:30 a.m. followed by a breakfast. A special program is being planned by the St. Mary Home School association.

## Retailers Set Store Hours for Christmas Period

About 20 members of the Appleton Downtown Retail association heard a report on the year's calendar by Fred Eustice, outgoing chairman of the association, Wednesday.

During the Christmas season stores will be open at night Nov. 27 and every Monday, Thursday and Friday in December. Stores also will be open Nov. 30 and Tuesday and Wednesday, Dec. 22 and 23.

Because July 4 and May 30 fall on Saturday, stores will be open Thursday nights, July 2 and May 28, instead of on the following Fridays.

## Reelect Oshkosh Man as Head of Pin Association

Little Chute — John Sitzberger, Oshkosh, was re-elected president of the Fox Valley and Lakeshore Catholic Order of Lakeshore bowling association.

Roland L. Bairel, Luxemburg, was re-elected as secretary - treasurer.

John Bloch was named to the board of directors to replace Henry Minkebig who retired after 30 years of service. Other members of the board are Elmer Bruening, Alois Juza, George Hermesen, Martin Vandersteen, Ray Schumacher, Bernard Bloch, Sitzberger and Bairel.

This year 173 teams participated in the COF meet held at Little Chute and Kaukauna alleys.

## Two Girls in Youth Program

Seymour — Jean Ann Kroner, Seymour 4-H president, was chosen queen of Rural Youth day in Appleton Saturday. Cheryl Mueller will participate as a twirler in the parade.

At a county speech contest held last week Mary Eisenreich won second place and was made alternate to attend 4-H camp this summer in the event that first place winner Barbara Gardiner, Woodland Hills 4-H, is unable to attend.

Susan Gagnow, Karen Ostrowski, Tom Tickler, Mary Eisenreich, Jean Kroner, Virginia Melchert, Judy Stritzel, Sharon Reese, Sue Seidl, Cheryl Mueller and Sue and Sally Miller will participate in a county demonstration contest held July 1 at Black Creek.

Roll call at the meeting was answered by a bicycle safety ride and Sharon Reese and Judy Stritzel gave their safety speeches. A health talk was given by Susan Gagnow.

## Try-Outs Set for Girls' Softball Team

Kaukauna — Try-outs for the recreation department sponsored girls' softball team will be held at 6:30 p.m. May 13 on the library grounds.

The team will again compete in the Fox River Valley league and plans call for other outside games to be arranged. Miss Elaine Warnecke is manager. Girls 13 years of age or older will be permitted to try for positions.

## KHS Thinclads, Purple Raiders To Clash Friday

Kaukauna — Tuning up for its second home meet of the year the Kaukauna High school thinclads will journey to Two Rivers Friday for a dual meet against the Purple Raiders.

Coach Wayne Welch notes continued improvement in performances by many of his changes and indicated the team would have a good chance to come home with a victory if the boys could duplicate showings made in a home meet a few weeks ago.

Two Rivers is strong in field events but the Ghosts should have the edge in running events, particularly in middle distance races. Dashmen for the two squads have turned in fairly similar times in previous outings.

Leading threats for the Raiders are Lee Ostreich, Priebe's best bet, are Merrie Rich Lod, John Boutin, Jerome Hammond, Jerry Jakl, Ron Vanervenoven, 579 points; Elzy Post, Lee Raddatz, Don Lace, Jim Martzahl, Dougmer Propson, 140 high play, Koprowski, Emery Panosh, Ludvigsen and Gary Nowack.

Thursday, May 7, 1959 Appleton Post-Crescent D6

## Locks Kindergarten Pupils to Visit Farm

Combined Locks — Morning and afternoon kindergarten classes of the state graded school will be taken on a field trip Friday.

The classes will visit a Dairy farm to learn first hand, a day's activities. A bus will leave from the school at 10:30 a.m. and youngsters should take lunch along.

## Permit Issued for Pkauto Construction

Kaukauna — Lester O'Brien, 113 Harrison street, was issued a permit to build a 10 by 28-foot patio in back of his home at an estimated cost of \$150.

Luther Kemp, building inspector, issued the permit.

## Winners Named in Eagle Skat Tourney

Kaukauna — Peter Loren won first place in the Eagle sponsored skat tournament with 22 hands while second place went to Herman Starke with 597 points.

Joseph Stoeger was third with C.S.A.-4 followed by Arno Lieding, 17 hands; Joseph Vanervenoven, 579 points; Elzy Post, 140 high play, Koprowski, Emery Panosh, Ludvigsen and Gary Nowack.

## Registration Underway At St. Mary's School

Kaukauna — Parents planning to enroll youngsters at St. Mary's school for the first time for the 1959-60 school term can do so Friday in rooms 1 and 2 of the old school building.

Registration for first grade youngsters is especially important to permit planning the number of classes needed.

## EXPERIMENT

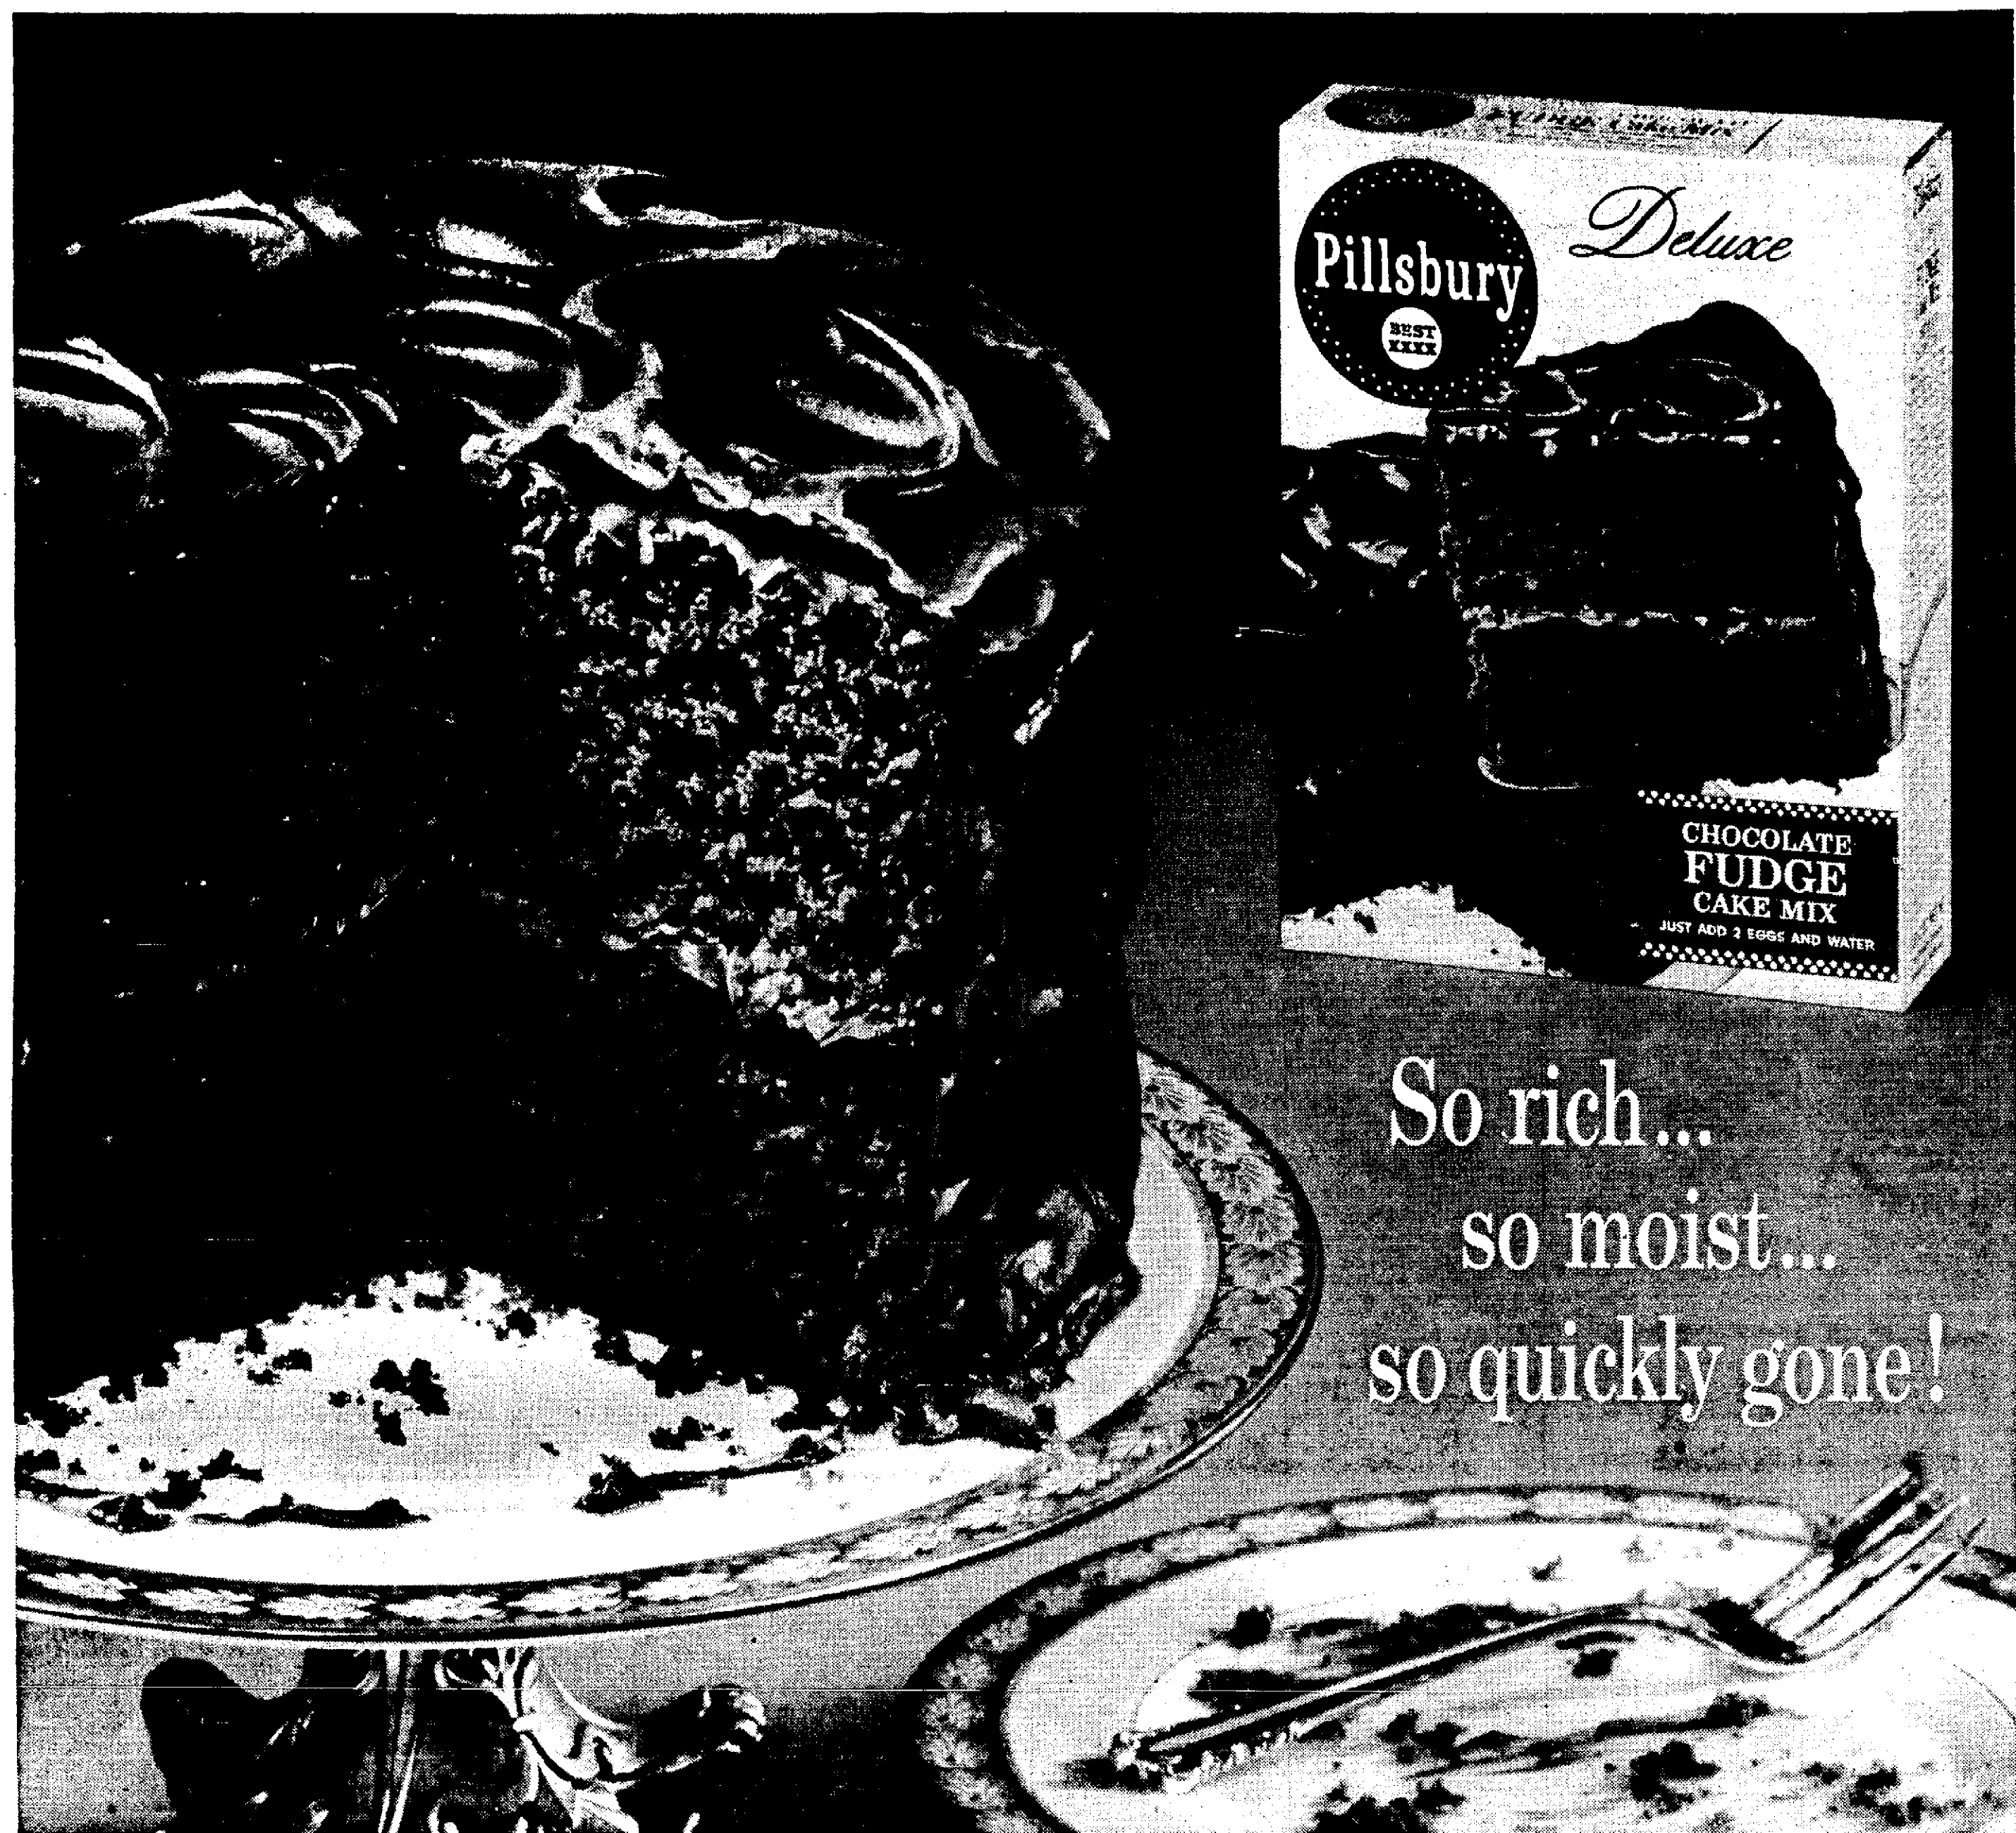

So rich...  
so moist...  
so quickly gone!

# New Pillsbury *Deluxe* Cake Mixes

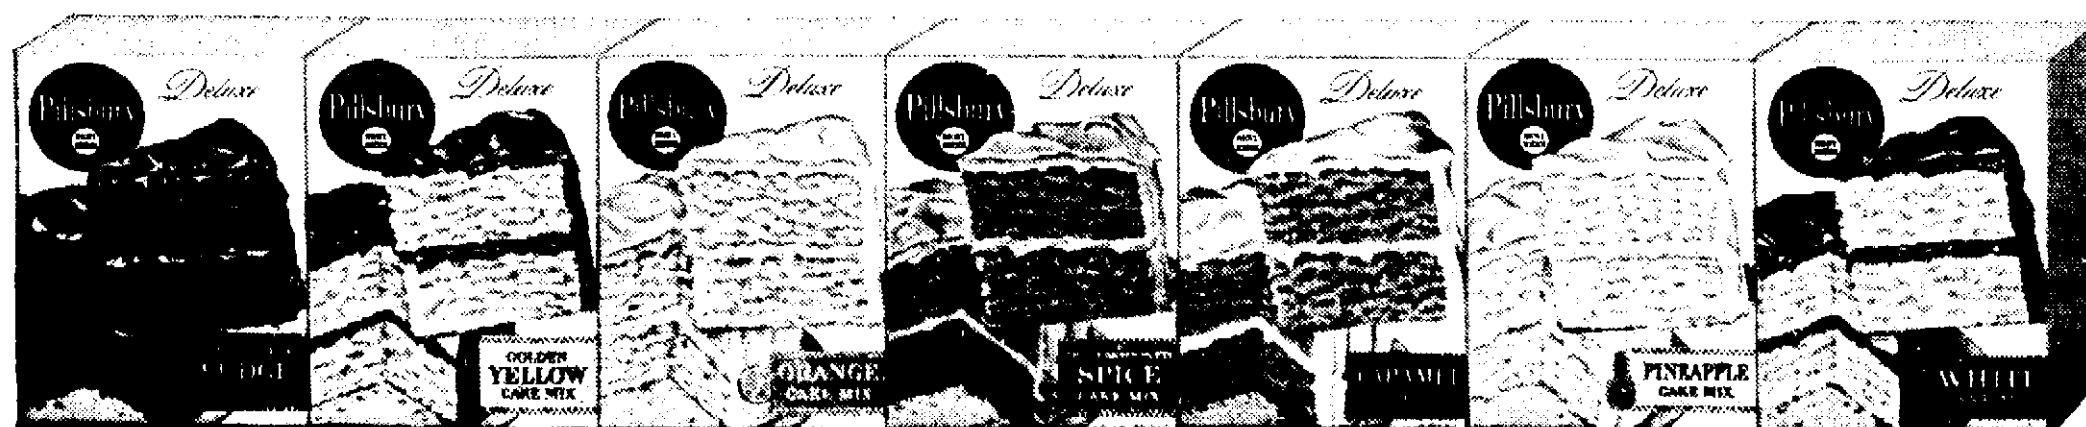

So rich... with a velvety crumb. So moist... with a light and tender texture. So quickly gone... the finest cakes ever baked from a mix. Pillsbury's exclusive new Turbo-Sifted cake flour, and the way Pillsbury puts everything together make it easier for the shortening and flavoring to spread

richly and evenly all through the cake. So the cake keeps its moist fresh taste longer than any mix cake ever did before.

Baking is believing. Pillsbury Deluxe Cake Mixes. Try your favorite and see.

*You'll also enjoy the handy Pillsbury Loaf-size Cake Mixes.*
